

# President Johnson Wins In Landslide; Romney Survives Democratic Sweep

## Governor Runs Better Than He Did 2 Years Ago

Gov. George Romney

DETROIT (AP) — Republican Gov. George Romney survived a floodtide of Democratic votes Tuesday to win a second term, but Democrats from President Johnson down the line piled up large votes in other Michigan races.

Sen. Philip A. Hart, Secretary of State James M. Hare and Atty. Gen. Frank J. Kelley swamped their Republican opponents.

Romney turned back the challenge of Congressman-at-large Neil Staeble even as President Johnson was sweeping past Sen. Barry Goldwater.

### Ticket Splits Help

Romney cut heavily into traditionally Democratic areas in Detroit and its suburbs, ran better than he did two years ago in Negro sectors and benefited from considerable ticket splitting.

With 4,769 precincts, about 93 per cent of the state's total of 5,213 precincts reported, Romney had a lead of 343,244 votes. The count was Romney 1,642,302; Staeble 1,299,058.

Romney's final victory margin thus appeared likely to be about four times his 80,000 vote margin over former Gov. John B. Swainson in 1962.

It appeared obvious that many Michigan voters went for Johnson for President and then split their ticket to throw their support to Romney, but the rest of his ticket trailed.

Hare easily won reelection to a sixth term as secretary of state and Kelley had an equally easy time in winning a second term as attorney general.

### Hare Vote-Getter

Kelley, who jostled frequently with Gov. Romney on legal matters, led almost from the first precinct in his race with Republican hopeful attorney Meyer Warshawsky of South Haven.

Warshawsky had centered much of his campaign on charges that Kelley was obstructing Gov. Romney's programs. Kelley scoffed at the charge.

The 39-year-old Kelley's most recent clash with Romney came last week when he ruled that the governor had acted illegally in firing three National Guard officers without a court martial.

Hare, a former truancy officer in the Detroit public school system, maintained his record as one of the best vote winners in the Democratic camp.

He piled up a wide margin over Allison Green, who gave up his job as Republican Speaker of the House to seek statewide office.

Hare had nearly a 2 to 1 margin with 4,419 of the state's 5,213 precincts reported. The vote was Hare 1,738,455; Green 939,984.

### Referendum Rejected

In an unusual aspect of the election, voters apparently turned down a referendum proposition which had been passed by the legislature and signed by the governor. This was the so-called Massachusetts ballot.

Under the proposal—which the voters rejected—future Michigan elections would have been held under the new type ballot.

With 4,342 of the state's 5,213 precincts counted, opponents of the measure had run up nearly

## Dowagiac Adopts Charter Change

DOWAGIAC (AP) — A city manager-council form of government takes effect here next April following voter approval, 1,417 to 580, Tuesday of a long-sought city charter change.

The present mayor-council government form was adopted in February 1877 when Dowagiac with less than 4,000 persons was known as the nation's smallest city. It now has a population of some 7,208.

## Congress Seats In Michigan Go To Democrats

DETROIT (AP) — Michigan voters made a choice of Democrats Tuesday to represent them in the White House and the Senate, and the echo from the landslide reverberated in the state's Congressional delegation.

President Johnson easily captured Michigan's 21 electoral votes, Sen. Philip A. Hart gained another six-year lease on his Senate seat, and Democrats picked up at least nine of the 19 newly apportioned districts in the U. S. House of Representatives.

With more than 82 per cent of the state's 5,213 precincts reported, President Johnson was a clobbering Sen. Barry Goldwater, the Republican presidential nominee, by 1,828,715 votes to 887,558.

Hart, a 51-year-old former lieutenant governor and U. S. Attorney, shattered the hopes of Mrs. Elly Peterson of becoming the first woman senator from the state. Mrs. Peterson, who resides in Charlotte, is former assistant national chairman of the GOP.

### Balance Shifted

Hart's victory margin was virtually parallel to that of Johnson, whose policies he has staunchly supported in the Senate.

(Although Hart beat Elly Peterson better than two to one in Delta County, 9,224 to 4,721, she ran very well in the first three precincts of the City of Escanaba and won in the 3rd Precinct and in Gladstone's 2nd Precinct and in Bay de Noc Township on the Sturgeon Peninsula, where her name was apt to create allegiance in a Scandinavian population and a stronghold of Republicanism.

Except for those exceptions Hart went over big, polling 845 to 284 in Wells Township and 1,027 to 209 in Escanaba's 7th Precinct.

(Mrs. Peterson had campaigned hard in the Upper Peninsula, Hart had held a four-county rally in the Copper Country between the primary and general election.)

Democrats appeared likely to swing the balance in the state's Congressional delegation from 11-8 Republican to the same proportion in their favor.

Riding the Johnson landslide, they had a chance to defeat three Republican incumbents—veteran August E. Johansen of Battle Creek, Victor Knox of Sault Ste. Marie and George Meador of Ann Arbor.

Seven other Republican incumbents won new terms, however.

They were Reps. Edward Hutchinson of Fennville, Gerald Ford of Grand Rapids, Charles Chamberlain of East Lansing, Robert Griffin of Traverse City, Elford Cederberg of Bay City, William Bromfield of Royal Oak and James Harvey of Saginaw.

### John Mackie Wins

In the 2nd District, Meador trailed Democrat Weston Vivian most of the night. Meador's vote against the Civil Rights Bill had become an issue in that campaign.

And in the 3rd, Johansen was trailing his Democratic rival, Paul Todd of Kalamazoo.

Four districts which were left without a congressman through reapportionment all went along with the Democratic trend. John Conyers Jr. of Detroit won in the 1st, State Highway Commissioner John Mackie in the 7th, State Auditor General Billie Farnum in the 19th and State Sen. William Ford in the 15th. Democrats ticketed for a re-

Lyndon B. Johnson

## State Election Ballot Revision Is Turned Down

DETROIT (AP) — Michigan voters turned down Tuesday a proposal that they use the so-called Massachusetts type ballot in future elections.

The referendum ran far behind in Wayne County and out-state.

With 3,180 of the state's 5,213 precincts counted, the proposal trailed by about 428,000 votes. The count at that time was 471,975 in favor of the change and 900,272 opposed.

It was the first time in 14 years the voters had been asked to decide by popular referendum the merits of a bill passed by the state legislature and signed into law by the governor. Democrats collected more than 300,000 signatures to force the referendum.

The last time this happened was in 1950 when voters approved a legislative proposal to permit sale of colored oleomargarine in Michigan.

Under the standard Michigan ballot — the one used in Tuesday's election — candidates were listed by office under a column heading of Democratic, Republican or one of the minor parties.

Having all the candidates in a single column made it easy for a voter to pull his party lever to vote a straight party ticket or mark an "X" on a paper ballot to do likewise.

Democrats, with their slogan "Make it Emphatic, Vote Straight Democratic," said the proposed change to the Massachusetts ballot would confuse voters, clog voting booths and hamper election machinery.

The Massachusetts ballot lists political candidates by office, with the party of each candidate listed in small type under his name. The voter must make each of his choices individually.

Supporters said that while voters still could cast a straight party ticket by going down the line and marking their choices for each office the Massachusetts ballot would give them more freedom to choose between candidates of different parties. Some Republicans called the new ballot proposal "the thinking man's ballot."

## Dow Will Expand Plants In Europe

MIDLAND (AP) — Dow Chemical International announced a \$20 million capital investment Tuesday in Germany, the United Kingdom and Spain.

The parent Dow Chemical Co. said the investment was agreed on at a Dow board meeting in Zurich, Switzerland, Tuesday.

M. D. Doan, Dow president, said Dow will invest about \$520 million in capital expansion in Europe over the next four or five years.

The company said the European investments represent a policy of participating more in the European market and greater reliance on its European plants for supplying Europe's market.

## President Given Snug Congress

WASHINGTON (AP) — The people have given President Johnson a heavily Democratic Congress that seems so snug behind his program it may evoke memories of those early New Deal Congresses that whisked through the proposals of Franklin D. Roosevelt.

The new Congress also will feature names that come from the past but may augur power in the future — Democrat Robert F. Kennedy who took away a New York Senate seat from a Republican and Republican Robert Taft Jr., who took away an Ohio Senate seat from a Democrat.

Besides these and other new names in the Senate, the big story of the congressional election

## Mediators Try Again To Settle Dailies Strike

DETROIT (AP) — The Federal Mediation and Conciliation Service will try again Friday at a meeting in Toledo to help settle Detroit's newspaper strike.

Toledo presumably was chosen as a neutral site. The federal agency sometimes follows such a policy. The strike of two craft unions at the Detroit News and Free Press was in its 113th day Wednesday.

Originally, the mediation session was scheduled for Thursday but it was rescheduled. The meeting will be in Toledo's Federal Building.

Local 13 of the Printing Pressmen and Local 10 of the Plate and Paper Handlers struck the two papers July 13 in a dispute over new contract terms. The papers have not published since.

Hubert H. Humphrey

## Only 5 States In Dixie Taken By Goldwater

WASHINGTON (AP) — President Johnson rode a massive tidal wave of votes to a smashing victory over Sen. Barry Goldwater and promptly called on all Americans to "face the world as one."

Elected with him in the deluge which some key Republicans survived was Sen. Hubert H. Humphrey of Minnesota, who in January will fill the present vacancy in the vice presidency.

The 56-year-old President, who has served 354 days since the assassination of President John F. Kennedy, said early today in Austin, Tex., that no words were adequate "to really express the feeling of this occasion."

"Most of all," he said, "I wish to be equal to your confidence and to the hopes of all of the people of America."

He said that now that the election is over Americans must "face the world as one."

"I ask all those who supported me and all those that opposed me to forget our differences, because there are many more things in America that unite us than divide us."

Johnson said the returns were going "about as we expected." But he said he wanted to "see all the returns" before making a formal statement. Mrs. Johnson, visiting old friends at a series of parties, thought it was "a once-in-a-lifetime night."

In Phoenix, Ariz., Goldwater at first promised a statement. But he went to bed without issuing one. His press secretary said the defeated candidate would say something later in the day.

Johnson seemed assured of stepped-up support in the House and Senate for his legislative programs. While Republicans picked up seven House seats in the South, they faced a net loss in strength. Democrats had elected 24 senators and were leading in three more races. They had captured three GOP seats.

In governors' races, the Democrats seemed likely to add to the 18-7 margin they held in 25 posts that were at stake in the voting.

There were some spectacular results in the balloting. Johnson's record-breaking sweep of New York — which might reach a margin of 3 million votes — carried into the Senate former Atty. Gen. Robert F. Kennedy, brother of the late president. In Massachusetts, Edward M. Kennedy, another brother, won a full six-year Senate term.

But California voters, who gave Johnson a whopping majority, dumped his and Kennedy's former White House press secretary, Sen. Pierre Salinger. Republican George Murphy, former Hollywood actor, won in that race.

Arizona Gov. Paul Fannin, elected to succeed Goldwater in the Senate, would give the defeated GOP nominee a friend at court in the battle over the party's future that began shaping up quickly.

In Beverly, Mass., Henry Cabot Lodge, the 1960 GOP vice-presidential candidate, said in a statement that Republicans must rebuild their party.

Lodge, who opposed Goldwater's nomination, said the election "shows that the voters want all Americans to receive equal treatment, regardless of race or color." He said it shows also that the voters "favor positive solutions to the nation's problems."

But the roll call of moderates willing to support an effort to wrest the party away from Goldwater and his group was a short one. Keating already was gone. Sen. Hugh Scott of Pennsylvania teetered on the edge of defeat. Republican Charles Percy lost his bid for the governorship in Illinois.

All were victims of Johnson's sweep of traditional Republican strongholds. An electronic analysis of selected precincts showed that the President not only carried the big cities overwhelmingly but carried sizable numbers of suburban areas where Democratic presidential candidates never had won before.

In New York suburbs, Johnson got 59 per cent of the vote, an increase of 16 per cent over the support given Kennedy in 1960. In Buffalo the President's count was 66 per cent, in Pittsburgh 70 per cent, in Philadelphia 56 per cent and in Denver 60 per cent.

Johnson carried towns in Massachusetts which never went Democratic before. He beat Goldwater handily in downstate Illinois and upset his opponent in traditionally Republican districts in Kentucky. In

Pennsylvania he carried a half dozen rock-ribbed GOP counties to pile up a smashing victory margin in the state.

The President combined this with a 12 per cent increase over Kennedy's total in the big city states such as Massachusetts, New York, New Jersey, Pennsylvania, Ohio, Illinois and California.

Johnson won his first elective White House term by battering down Republican bastions across the nation. Maine and Vermont fell in his column as did usually Republican Kansas.

Only in the South, where he lost five states, and possibly in Arizona, did his surge falter in the sweep toward the greatest presidential victory of modern times—the largest ever in terms of votes rolled up and margin over his opponent.

It lent Goldwater, the conservative who offered "a choice, not an echo," with the limited consolation of having carried Alabama, Georgia, Louisiana, Mississippi, South Carolina, and perhaps his native Arizona.

The thundering Johnson wave hit the Republican party a shattering blow, engulfing moderates like Sen. Kenneth B. Keating in New York and conservatives like Rep. Bruce Alger of Texas.

But some party members who can be expected to take leading parts in the struggle certain to develop over control of the GOP survived the storm. Standouts among these were Gov. George Romney who won re-election as governor while Johnson was carrying Michigan handily and Sen. Hugh Scott of Pennsylvania.

### MARGIN 61.3 PER CENT

Popular vote, 92 per cent of voting units; Johnson, 39,815,064 or 61.3 per cent; Goldwater, 25,091,133.

Johnson has carried 45 states with 486 electoral votes — including District of Columbia. Goldwater has carried 5 states with 47 electoral votes. He is leading in one state with 5 electoral votes.

Needed to win: 270 electoral votes.

Senate: Elected, 26 Democrats, 8 Republicans. Leading, one Democrat, no Republican. Holdovers, 40 Democrats, 25 Republicans. Needed for majority 51.

House: Elected, 279 Democrats, 136 Republicans. Leading, 11 Democrats, 8 Republicans. Needed for majority 218.

Governors: Elected, 17 Democrats, 7 Republicans; leading, no Democrats, one Republican. Holdovers, 16 Democrats, 9 Republicans.

## Power Plant Sale At South Haven Fails To Carry

SOUTH HAVEN (AP) — Proposed sale of this city's municipal electric power plant—subject of bitter controversy—fell Tuesday when it failed to gain a required three-fifths majority of an advisory vote.

The tally showed 1,237 in favor to 1,067 opposed. The question required 146 more Yes votes for passage.

The proposal sought to sell the plant to Indiana and Michigan Electric Co. for \$3.5 million. Net proceeds would have been invested in securities. Continued operation of the plant by the city would require a \$2 million expansion and improvement of the facility.

## Democrats Rule In Legislature

DETROIT (AP) — Michigan Democrats made good Tuesday their boast of gaining control of the Legislature.

Domination of the House was all but assured, and the senate was close, as returns trickled in early today.

The former minority party made inroads in the traditionally Republican southwestern corner of the state and broke two long-standing traditions in Kent county.

Former Grand Rapids Mayor Stanley Davis, became that city's first Democratic state representative since 1916, and Wyoming Democrat George Sietsma was the first member of his party ever to be elected to the legislature from the out-county area.

Davis defeated newcomer James M. Sietsma defeated veteran William Doorn, who was seeking his third term in the legislature.

Republicans and Democrats alike say they expect the Legislature to take on a more "moderate" tone when it convenes next January. Through a gradual process of attrition, the so-called hard-line conservatives have been eliminated.

The last of these, Sens. Clyde Geerlings of Holland, John Smeekens of Coldwater, and

## Railroad Cuts Fares, Will Show Movies On Trains

LANSING (AP) — A new trend in merchandising railroad passenger service through fare cuts and the showing of movies is reported by Peter Spivak, chairman of the State Public Service Commission.

Spivak said the Baltimore and Ohio Railroad is reducing fares by 31 per cent on all one-way coach passengerstrips on Monday, Tuesday and Wednesday. The fares will not apply during the Dec. 18-Jan. 3 period.

Spivak also said the railroad would start showing Hollywood movies in mid-November on its Detroit-Washington and Chicago-Washington trains.

The commission chairman termed this "a welcome contrast to what sometimes seems to be a disheartening progression of cutbacks in rail service."

## Today's Chuckle

An acquaintance is a fellow we know well enough to borrow from, but not well enough to lend to.

# Wood Producers To Meet Friday

Eastern Upper Peninsula timber producers are meeting at the Town Hall in Cooks Friday to take a fresh look at timber resources, bidding and contract practices, cost accounting and record keeping and workmen's compensation laws.

Sponsored by the Michigan State University Cooperative Extension Service, the meeting will begin at 10 a.m. and end with a tour of the Manistique Pulp & Paper Co. mill at 3:30. After opening remarks by Schoolcraft County Extension Director Dean Rhodes of Manistique, Dr. Herford Garland of Michigan Tech, Houghton, will discuss timber industry trends and George N. Semmens, Escanaba, with the U. S. Forest Service, will report on appraisals, use requirements, and bidding.

# Death Takes F. S. Brandt

Frederick S. Brandt, 70, of 614 S. 18th St., died at his home Tuesday afternoon. He was born in Michigan Sept. 15, 1894, and he was a truck driver for the City of Escanaba until his retirement. He served in World War I. He was a member of Salem Ev. Lutheran Church. His wife, Lucille, died Feb. 3, 1964. Surviving are two sons, Charles and Robert, Escanaba, seven grandchildren, three sisters, Mrs. Willard Benson, Escanaba, Mrs. Elsie Derouin, Peshigo, and Mrs. Emma Mesnier, East Taawas, one brother, William, Flint. Friends may call at the Anderson Funeral Home from 9 to 9:30 p. m. today. The body will be removed at noon Thursday to Salem Lutheran Church where services will be conducted at 1:30 p. m. by the Rev. John J. Wendland. Burial will be in Gardens of Rest Cemetery.

# Wake up rarin' to go

without nagging backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress, and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling. Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headache, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. For convenience, ask for the large size. Get Doan's Pills today!

# Retired Dock Worker Dies

Charles McKosky, 78, Escanaba Rte. 1, died at his home at 3:30 a. m. today. A resident of Escanaba area 48 years, he was born in Germany June 8, 1886, and was an ore handler for the C. & N. W. until his retirement in 1955. He was a member of Salem Ev. Lutheran Church. He leaves his wife, Barbara; four sons, John of New York City, Gene of Escanaba, Charles, Gladstone, Robert, Escanaba Rte. 1; four daughters, Mrs. Rudolph (Elsie) Lindstrom, Puyallup, Wash., Mrs. Richard (Lillian) Beauchamp and Mrs. Lawrence (Shirley) Beauchamp Gladstone Rte. 1, and Mrs. Felix (Emily) Sacke, Bark River; 27 grandchildren; and three sisters, Mrs. Art Hammerberg, Escanaba Rte. 1, Mrs. John Coats, Garden, Mrs. Anna Krause, Ford River. The body was taken to the Anderson Funeral Home where friends may call from 4 to 9:30 p. m. Friday. It will be removed to Salem Church at noon Saturday and services will be conducted there at 2 p. m. by the Rev. John J. Wendland. Burial will be in Lakeview Cemetery.

Spiders are great killers of insects. There is one case on record of a female black widow spider who destroyed 250 house flies, two crickets and one other spider during her lifetime.

**77TH CONSECUTIVE DIVIDEND**

**Investors STOCK FUND, INC.**

This regular quarterly dividend of 13 1/4¢ per share derived from investment income, plus a distribution of 38¢ per share from realized security profits is payable on October 30 to shareholders of record as of October 29, 1964.

# C-C Honors 'Ted' Fordney

Edward C. "Ted" Fordney, Escanaba businessman and vice president of the Rotary Club, was honored by the Chamber of Commerce for his service to the community at the meeting of the Rotary Club Tuesday noon.

A certificate of commendation for his contributions of time and attention to civic affairs was presented to Fordney by John J. Mitchell, president, and Walter Lewke, manager of the Chamber of Commerce. Robert Haack, Rotary president, conducted the meeting at which Fordney was honored.

Fordney was vice president of the Early American Fence Co., was active in Rotary Club service work, and was chairman of the Chamber of Commerce education committee. Lewke said it was significant that with Fordney as education committee chairman, the C-C had endorsed school millage proposals.

Fordney has lived in Escanaba for five years, has served on several other committees of the Chamber besides the education committee, and was active in Rotary Club projects. Mr. and Mrs. Fordney and their family are leaving for Manitowoc, Wis., where he will be engaged in banking.

Rotary President Haack announced that next Tuesday the Rotary Club will welcome Richard F. Bonson, Eagle River, Wis., governor of Rotary District 622, on his official visit to the Escanaba Club. He will address the club Tuesday noon.

# Joins Staff

Mrs. Kathryn Slavin recently joined the nursing staff of Newberry State Hospital as associate director of nursing education. She received her R. N. Degree from the University of Minnesota School of Nursing and has also been awarded a B. S. Degree in Nursing Education from New York University and is currently completing her M. S. degree in nursing at Wayne State University.

# Pile Torture Soothed in Few Minutes

Act now for fast relief from torture of piles. Don't wait another day. Apply Peterson's Ointment at once. This cooling, soothing, astringent formula has given joyful relief to thousands for 40 years. Relieves itching quickly. All drug stores, box 70c, or applicator tube 85c. Peterson's Ointment delights or money back.

# WWI Officers On Tour; Come Here Saturday

Vital Payant

Officers of the Veterans of World War I, U. S. A., and Auxiliary will make a tour of the eastern Upper Peninsula this week and will come to Escanaba on Saturday.

The Department Commander Vital Payant of Iron Mountain, Department Auxiliary President Mrs. Eleanor Anderson of Bay City and the Upper Peninsula Commander and President Mr. and Mrs. Sivert Sundlie of Ishpeming are in the tour party.

They will come to Escanaba Saturday for a meeting of the Barracks 1128 at the VFW Hall, Sheridan Road, on Saturday afternoon at 1 o'clock. All Veterans of World War I, their wives or widows, are invited to attend to hear the reports of the officers on veterans legislation in Washington and Lansing, said Commander William Garbett.

The tour will start Thursday at St. Ignace, go thence to Sault Ste. Marie for an evening meeting with a state convention committee; will meet on Friday afternoon in Newberry, that evening in Manistique; Saturday afternoon at Escanaba and that evening at Ishpeming. The tour will end Sunday evening at Munising. The state convention will be held at Sault Ste. Marie in June.

# Obituary

**ROBERT W. HADDOCK**  
Complete funeral services for Robert W. Haddock were held at 1:30 p. m. today at the Anderson Funeral Home Chapel. The Rev. Karl J. Hammar, pastor emeritus of Central Methodist Church, officiated. Burial was in Lakeview Cemetery.

# Webster Youth Center Opening

The Webster Youth Center, sponsored by the City Recreation Department and the Escanaba Area Public Schools, will open Thursday evening at 6:30. All activities will be conducted under the direction and supervision of Roy Hivala and Erwood Slade, members of the staff of the local school system. The Center will be open on Tuesday and Thursday evenings from 6:30 to 9:30 through the spring and winter months but will be closed for Thanksgiving and the Christmas holidays.

The following games and exercises will be included as part of the program of recreational activities offered to the youngsters of the north side of our city: basketball, volleyball, dancing, weight-lifting, table tennis, tumbling, table bowling, and bumper pool. The facility has been in operation for five years and has served to meet the needs of many boys and girls who find it inconvenient to enjoy the activities at Club 314.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year . . . more than for all television spot announcements or radio advertising.

# Library Service Expansion Told

Federation of libraries and federal appropriations to assist in financing libraries will bring improved library services to the people and possible expansion of library facilities. Harry Courtright, director of Escanaba Carnegie Public Library, told the Rotary Club Tuesday noon.

Courtright said that federal funds in the amount of \$55 million a year for the next five years has been made available by legislation, to be spent to improve local libraries.

Of this appropriation, Michigan will have a little less than \$2 million dollars to be used to improve library service and in matching grants for library buildings.

Organization of the Mid-Peninsula Library Federation has brought into association libraries in Escanaba, Gladstone, Manistique, Menominee and Iron Mountain, making them eligible to receive federal funds. One of the benefits will be extension of library services to persons now without such service—such as the 12,000 in Delta County, Courtright said.

More books serving a larger circulation will make the library money go farther, he added.

Carnegie Public Library in Escanaba will get \$6,000 for improvement of services while construction could be undertaken in other areas of the system. Carnegie Library has seating room for 28 students. It could use 70. Carnegie Library now has 32,000 volumes and the hope is that this will grow to 40,000 by the end of the year, he added.

Federal funds are available

# Legion Honors Veterans Day

Cloverland Post 82, American Legion, will be host to war veterans of the area Saturday, Nov. 7, at a banquet in observance of Veterans' Day. It is announced by Post Commander Reynold Gustafson.

The event, to be held at the Legion clubhouse, will open with a cocktail hour at 5:30, and a dinner at 6:30. C. Elmer Olson, a past commander of the post, long active in Legion affairs, will be the speaker of the evening, and L. A. Danielson, also a past commander, will be the toastmaster.

Entertainment will include selections by a group of Barbershop singers and community singing with Mrs. Clinton Groos at the piano. Mrs. Leon Niquette is chairman of the dinner committee.

All veterans of the area, their wives and friends, are invited. Reservations may be made by noon Friday by calling Mrs. N. P. Thompson, 786-7407, Reynold Gustafson at 786-6562, or Roy Baldwin, 786-2647.

# Briefly Told

Traffic volume at the Escanaba airport reported to City Manager George Harvey by Airport Manager Jon Thorin for October shows that 930 passengers were transported by North Central Airlines in and out of Escanaba. In addition there were 102 transient flights.

Escanaba River Post 115, American Legion, will meet at the Flat Rock Town Hall today at 8 p. m. Final plans for a membership drive will be discussed.

The Holy Name Band Mothers for both junior and senior bands will meet at 7 p. m. Thursday at the high school.

# More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. PASTETTE, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No runny, gooey, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor breath". Get PASTETTE today at drug counters everywhere.

## Casing Elections

Innumerable studies show that people tend to inherit their political allegiance but this cannot be totally true, of course, because the country changes its political flags in historic sweeps.

University of Michigan Professor Warren Miller, of the U-M's Survey Research Center, says that the typical American's political affiliation is nearly as stable as his religious ties, and that studies of long term national election behavior reveals striking parallels between the ties offered by religion and political parties.

The average person is born into his religion and into his political party. There is so little real movement between parties, says Miller that a person has to go to religion to find a tie more stable. He says that there was virtually no change in the percentage strength of Democratic, Republican and independent groups from 1952 to 1964.

But although the movement is very slow, there is some evidence, says Miller of a long run decline in Republican strength. Young voters tend to be more Democratic.

In Michigan, which has some claim, along with Wisconsin, to having been the birthplace of the Republican party in 1854, the Republicans controlled state politics from that year until 1932 with very few lapses. The Democrats managed to win only 3 of 39 governor elections and they weren't much more successful in their presidential offerings. The Republicans controlled the Legislature in every election except that of 1890 and Michigan was virtually a one-party state for nearly 80 years.

Tuesday's election brought the political near-miracle of Gov. George Romney, Republican, winning reelection despite a Democratic landslide in the state. But Romney is one of the exceptions to trends, like Eisenhower: pulling such a strong personal vote that he triumphs over party slippage.

Professor Robert Scigliano of Michigan State University, in his review of two-party competition in Michigan, points out that during the 1920s the Republican party in North Carolina was stronger than the Democratic party in Michigan. Between 1918 and 1928 not a single Democrat was elected to the Michigan State Senate.

The depression changed Michigan's politics. President Herbert Hoover was able to win back the great affection and respect of the American people who ousted him from the White House in the depression, but his party has never been able to regain its old strength.

Franklin Delano Roosevelt carried Michigan in 1932, 1936 and 1944; the Democrats won the governorship the first two years and in 1940 and Democratic officeholding in state government increased generally. Michigan changed from a one-party to a two-party state in its most important offices and the state is now nominally Democratic, although the Democratic label covers a Democratic-Labor coalition in which the party has at times appeared a weaker partner than the unions.

Scigliano says that Michigan isn't a Democratic leaning state in two important areas, the state legislature and local government, but this description is out-of-date, with the Democrats dominant in many local areas, like Delta County, and the GOP dominance in the Legislature through its rural strength doomed by the U. S. Supreme Court's insistence upon state and local government apportionment on a basis of one-man, one-vote.

The Democrats' greater willingness to use the authority of government to reapportion wealth and to borrow on the future for expenditures today has given the party a dynamism that the Republican party with its tradition of conservatism lacks. That Americans will eventually have to pay for their government largesse is obvious, but it has been deferred for a long time and may be distant.

Party affiliation is a reflection of voter judgment on his personal best interest and the record shows that it changes slowly, unless shocked out of traditional allegiance by such forces as the great depression.

## Bonanza!

Only a few years ago the iron industry of the Upper Peninsula faced a crisis. Much of it still is critically affected and the volume of direct shipping ore has continued to decline.

But the new look of iron mining on the Marquette Range—and, to a lesser extent, on the Menominee Range—is so greatly improved that it ranks as an industrial miracle.

The technical experts of Upper Peninsula mining companies have been able to move into the beneficiation of low grade iron ores to supply a substitute for the less desirable direct shipping ores with dramatic swiftness, considering the magnitude of the research task, of financing and constructing the huge mine plants necessary for this new industry.

On the Marquette Range centenarian Cleveland Cliffs Iron Co. and its partners have created a new iron industry of great size and of spectacular success. On the Menominee Range Hanna Mining Co. has built a big beneficiation and pelletizing plant at the Groveland Mine.

President H. S. Harrison of Cliffs reports that in the first 9 months of 1964 Cliffs earned \$8.3 million, compared with \$6.8 million in the corresponding period a year ago.

Cliffs doesn't have all its eggs in an Upper Peninsula basket of course, but it is the biggest operator here and Harrison said that start-up of the new Empire Mine last December had contributed substantially to its increased earnings.

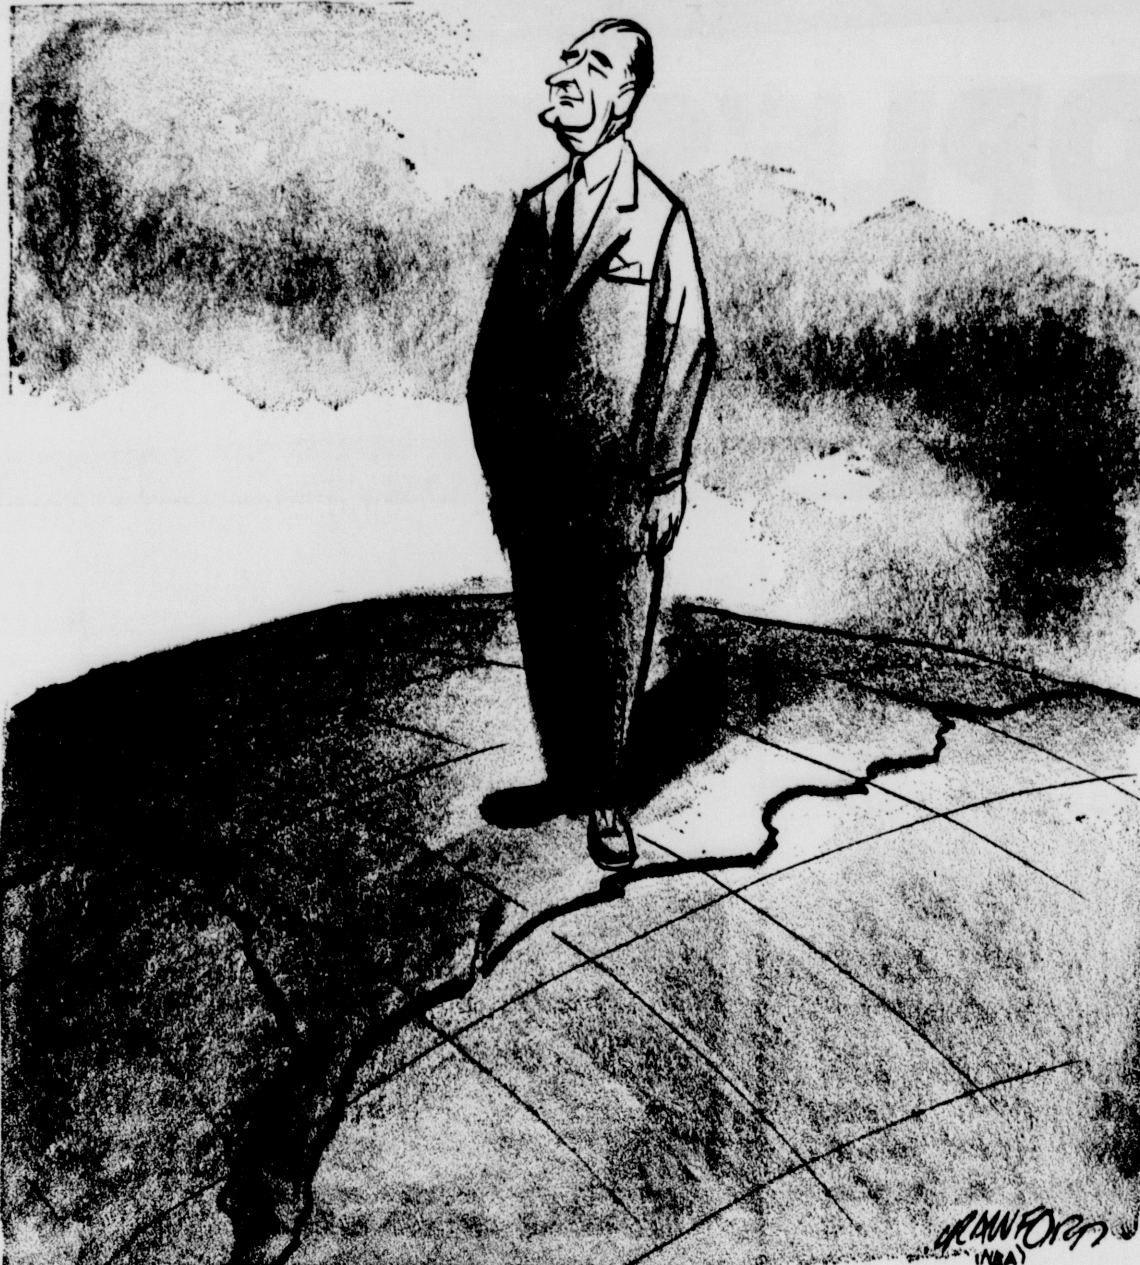

There's more good news of production to be added next spring with completion of the Pioneer Pellet Plant. It will produce 1,900,000 tons of pellets a year from one produced by the Mather Mine owned by McLouth Steel Corp. (50 pct.) Bethlehem Steel Corp. (10) and Cliffs (40).

A world innovation in iron industry, the Pioneer Plant will produce the first pellets from natural ore in history. Beneficiation of ore has been a necessary first step to the pelletizing process heretofore.

Cliffs and its associates and Hanna have created a new era of iron mining for the Upper Peninsula. It gives great worth to our chief mineral resource and thus influences the economic character of the area for generations to come.

This quick turn-about in mineral industry fortunes did not come with discovery of a new resource, but with development of new techniques. It's a hard cash reminder of the value of research and of the inevitability of change.

## On His Own

## Washington Comment

By RAY CROMLEY  
WASHINGTON — (NEA) — The Soviet Union now is capable of producing intercontinental ballistic missiles powerful enough to loft giant 100-megaton nuclear warheads to any point in the United States.

This is the conclusion of some capable Pentagon scientists after: (1) analyzing the rocketry used to put the three-man Soviet satellite in orbit recently and (2) making detailed studies of other Soviet rocket-missile developments. There is no evidence here to indicate whether the Soviet Union is building these giant warheads and supermissiles. Soviet tests three years ago at Novaya Zemiya with a 56-megaton bomb is evidence that the Soviet Union already has the ability to build 100-megaton warheads.

Though Defense Secretary Robert McNamara officially holds that smaller rockets are more practical, some key Pentagon military scientists strongly dispute that view.

Soviet 100-megaton ICBMs would make possible types of Soviet attack for which U. S. preparations are weak. A 100-megaton bomb can do more than take out a city or cluster of cities. It can mess up communications in a wide area for hours—perhaps for as long as a day.

A 100-megaton warhead exploded in the vicinity of Washington, D. C. and near the emergency wartime White House and military command headquarters might make it difficult or impossible for the president and his top command to get out the president's orders to his commanding generals at in-

tercontinental bomber and missile bases and to his field commands in the United States, Pacific, Mediterranean and the European areas.

Likewise, it might be difficult or impossible for the commanders to get messages to the president or his advisers.

Not enough field tests have been run to determine with accuracy the actual effects of such large explosions. Scientists know that these blasts would knock out radio communications on a wide assortment of wave lengths. They think these explosions would knock out some or all land communications in certain areas.

These scientists don't know how many hours the knockout would last, over how large an area it would be effective or whether there are radio or other wave lengths that could get messages through despite the blast.

Past tests, however, indicate the effects would be serious in a sizable area for a considerable number of hours.

The international agreement against atmospheric testing makes it impossible to run new U. S. experiments to make certain what would happen. But if the Soviet Union, with one or several 100-megaton nuclear missiles could delay the U. S. response, or even parts of that response, by several hours or a day, it would make it possible for the Red military to step up the amount of damage done to this country.

It also might give the Russians time to evacuate their major cities.

## The Doctor Says:

## Physician's Life Easier

By Dr. Wayne G. Brandstadt  
This is the age of disposable table cloths, towels, toothpicks, food containers, cups, plates, and a host of other items. Even the doctors are getting into the act. They have long been accustomed to using expendable tongue depressors, applicators and knife blades that can be detached from their handles.

They are constantly adding new items to the list such as hypodermic needles and syringes for injecting drugs or vaccines and complete assemblies of needles and collapsible tubes that contain one dose of a medicine to be given by injection, plastic tubing, bottles for infant feeding (empty or prefilled), liners for babies' bottles to eliminate washing, catheters, surgical drapes, and even operating gowns.

I can remember when rubber gloves were fairly expensive and had to be cleaned (a nasty job at best), dried inside and out, tested for minute leaks that would let disease germs in or, even worse, let them out, then powdered, wrapped and sterilized. This job alone kept a corps of student nurses busy several hours a day in some of the larger hospitals.

Even, then, the gloves didn't last very long. Now cheap, sterile, leakproof disposable plastic gloves have replaced the rubber ones.

The newer items are not only cheaper because of original cost and the elimination of expensive upkeep but they offer better protection. As a

single example, the disposable needles and syringes should completely eliminate serum hepatitis which was spread by their older counterparts.

What the future will bring is anybody's guess, but it wouldn't surprise me if the average citizen would some day wear disposable shoes and socks and the average doctor would use a disposable covering for the thermometer he places under your tongue.

Q—Is Flagl given for anything besides trichomoniasis?  
A—Metronidazole (Flagl) is used chiefly against the Trichomonas which cause a white vaginal discharge (leukorrhea). It has also been used with good results in the treatment of Vincent's angina (trench mouth) and giardiasis, a relatively rare parasitic disease.

## The Family Lawyer

## UNMASKING LIARS

We all know how King Solomon used lie-detecting to discover which of two women was the true mother of a baby. He ordered the child cut in half, and then watched to see how each woman reacted. The liar's reaction gave her away, says the American Bar Association.

In every land, in every age, man has sought ways of unmasking the liar. Early Anglo-saxons tested honesty by seeing how far a man would sink in a pool of cold water. Arabs used to judge by how badly a person's tongue was scorched when he licked a red hot spoon. One ingenious method was the rice-chewing test used in primitive India. If the rice was still dry after being chewed, the man was a liar.

Guilt could indeed cause the chewer's mouth to go dry. But so could mere nervousness. Everyone is familiar with how our bodies betray our emotions. Cheeks blush, palms sweat. The big problem always has been to single out lying as the specific cause of a specific reaction. Thus, the United States Supreme Court held it was wrong for a trial judge to say that the defendant was probably a liar because he kept wiping his hands while testifying.

The most ambitious effort to date, in trying to expose falsehood, is the modern lie detector. This device measures such indicators as pulse, respiration, and blood pressure. From these findings the operator seeks to determine whether the person is telling the truth.

Is the lie detector reliable? Experts differ vehemently. Proponents claim a high rate of accuracy. They add that, even if it isn't perfect, it is far better than other methods of getting at the facts. They point to numerous confessions obtained through lie detectors. The device is widely used not only by the police and the military but also by business. Cynics call the lie detector a gigantic hoax. They say it induces confessions not because it works so well but mainly because people are bluffed into thinking it does. They contend that, to interpret the data with any sort of assurance, one needs much more sophisticated skills than most operators now possess.

In the courtroom itself, skepticism prevails. Almost without exception, courts still won't accept such tests as valid evidence unless the parties consent—and sometimes not even then. In the eyes of the law, the case for the lie detector, whatever its promise for the future, is not yet proven.

## Memory Lane

By J. R. LOWELL  
Ten Years Ago

Governor G. Mennen Williams was elected to his fourth successive term in Tuesday's election and his election brought a clean sweep to the Democratic state ticket. The greatest upset in the election was the defeat of the veteran Michigan senator, Homer Ferguson. Rep. Victor Knox, Republican, was reelected over Harold Beaton.

E. R. Crook, forest ranger for the Hiawatha National Forest with offices at Manistique, has been transferred to Laona, Wis.

Werner Karppi of Chassell was judged winner at the Upper Peninsula Potato Show and was presented with the sweepstakes cup.

Twenty Years Ago

A short wave broadcast from Germany, picked up in Escanaba, gave news concerning Lt. John Birkenmeier, long missing. He is a prisoner of war. His plane was shot down while he and members of his crew were on a mission over Germany.

The Joe Feathers family at Nahma received ill tidings concerning their two boys in the service in two messages only a short time apart. One son, Pfc. William, is reported missing in action and the other son, Henry, is wounded.

Ore shipping remains heavy in spite of the lateness of the season and may possibly continue all of November.

Thirty Years Ago

The Christmas tree harvest although the great day is more than six weeks away, is on full swing. A reason is that when trees are frozen the limbs become brittle and break. At present the limbs are pliant and in nice condition for packing and shipping.

Today will see the finish of the season for high school football teams in the area. The Eskys play St. Joe; Gladstone plays Vulcan; Manistique plays Munising.

Solemn high mass at the chapel of St. Francis Hospital today will mark the Golden Jubilee of Mother Superior, Sister M. Othelia, of the hospital and the silver jubilee of Sister M. Coelstine of the hospital staff.

## Seaway Tonnage Tops 1963 Mark

Massena, N. Y. (AP) — The St. Lawrence Seaway in October passed its record for annual tonnage, the St. Lawrence Seaway Corporation said Monday. Nearly 34 million tons of cargo have moved through the waterway this year, it said, topping the record 1963 season by approximately three million tons.

## Ann Landers

## One Bad Habit Is Staying Out

Dear Ann Landers: Right now I am smoking myself to death waiting for my husband to come home. He went to a football game this afternoon with "the boys." It is midnight and he's not back yet.

We've been married two years and have no children. We both work and our marriage is a happy one, except for this one bad habit. If he decides to have a few drinks with the fellows after work he just goes without bothering to call and say he'll be late. When he finally gets home and I ask him why he didn't phone he says, "I didn't think of it."

I'm sure I am not the only woman in the world who has this problem. What do other women do? — OUTA MYMYND  
Dear Outa: Other women do the same thing you do — they worry themselves sick, walk the floor and ask themselves 1,000 times, "Where can he be?" and "Why doesn't he call?" The answers you know very well. He's in a saloon, slobbered to the eyeballs. And he doesn't call because he's a selfish, inconsiderate heel, and you must somehow live through the agony of it until he grows up and begins to behave like a man.

Dear Ann Landers: The person who signed himself "Cynic" should have signed himself "Ignorant." The fact that you did not refute this statement that animals kill only for food and that they do not abandon their young, shows that you've got a lot to learn about animals, too. Weasels will kill for the sake of killing. One farmer reported losing 40 chickens in a single night. The barracuda is another blood lust killer. Some tame animals are killers, too. A male hamster or rabbit will kill his offspring if he can get at them. Frogs, fish and other aquatic creatures some times devour their young. Certain insects, such as the praying mantis and the black widow spider eat their mates. The Cynic also said animals do not abandon their young. The coward will lay its eggs in another bird's nest. All reptiles abandon their young. It would please me if you printed this letter to set the record straight. — R. L. H. 164, CRO

Dear R. L. H.: Here it is and many thanks for the fascinating nature lesson. I learned from it and I'm sure millions of others did, too. (And now, will some of you please stop calling this a lovecolumn?)  
Dear Ann Landers: A very good-looking boy came here

from another city and enrolled in our high school last week. All the freshman girls are going ape over him. Before I turn myself loose I want to ask a question. This boy wears his belt with the buckle in the back. I have heard this means he is loved and "taken." Have you ever heard of this? Please tell me why away because I can hardly wait. — ON THE VERGE  
Dear Verge: Maybe he's just a backward kid. Or perhaps it's a local folk-custom in his former school. Why don't you ask him?

Confidential to NOT EQUIPPED: Anyone who can write a letter like the one you wrote to me is well enough educated to support herself. Get out of that squirrel cage and go to work. You will then be able to hold your head up and be a self-respecting woman.

Parents are people — they can be right and they can be wrong. To help understand their viewpoint and to promote harmony at home, write for ANN LANDERS' booklet, "How To Live With Your Parents," enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

BARBS  
A Tennessee woman lived up to 104 years, doubtless because she didn't live it up.

When it comes to elections, it may be kinda hard for some people to decide who shall spend their money.

To the pessimist a year is 365 days of disappointments. The first natural gas well was drilled in the United States in 1821 by William A. Hart at Fredonia, N.Y. The well was only 27 feet deep but it supplied the people of the town with enough gas to light their homes and businesses.

- Penney's famous Towncraft brand... first quality.

## Pollsters Had Right Analysis

NEW YORK (AP) — Political pollsters grinned broadly today as they compared their forecasts with President Johnson's smashing defeat of Republican Barry Goldwater.

With 83 per cent of the nation's voting units reporting, Johnson had obtained more than 62 per cent of the popular vote, biggest popular vote margin in a presidential election since 1900 and approaching the poll forecasts.

Both the Gallup and Harris nationwide polls had predicted that Johnson would get 64 per cent; Goldwater 36 per cent.

Johnson beat the records set by Warren G. Harding in 1920 and Franklin D. Roosevelt in 1936. Harding won 60.4 per cent of the popular vote and Roosevelt 60.8 per cent.

The pollsters' success was a far cry from 1948 when President Harry S. Truman defeated Gov. Thomas E. Dewey with 50 per cent of the vote against Dewey's 45.6 per cent.

That year Gallup forecast that Dewey would get 49.6 per cent and Truman would get 44.6; the Crossley Poll gave Dewey 49.9 and Truman 44.9; and the Roper Poll gave Dewey 52.2 and Truman 37.3.

The Gallup and Harris polls were not the only nationwide ones to predict Johnson's victory.

Samuel Lubell, whose report does not include percentage figures, predicted a "Johnson landslide."

Time magazine said "Lyndon Johnson will beat Barry Goldwater by 495 electoral votes to 43."

A Newsweek magazine poll of 50 Washington correspondents showed 49 predicting a Johnson victory. Their consensus gave Johnson 454 electoral votes to 84 for Goldwater.

## Chips And Splinters

**Contributions To Chips Welcomed**

Carl Nelson, the author's agent and publishers' pitch man, says that Pantheon Books is trying to steal Paul Bunyan away from Michigan with the book "The Song of Paul Bunyan & Tony Beaver" by Ennis Rees.

Nelson promoted Ira Farrell's "Haywire" and he is a self-appointed shepherd of writers about the Upper Peninsula scene and he doesn't want any wolves from Dixie poaching on our folklore.

Rees' book is handsomely illustrated with line drawings by Robert Osborn that catch the flavor of Ole Paul with fine verve. Rees writes—in verse, yet—not only about Paul but about some Southern Jasper named Tony Beaver, "who had his camp in West Virginia and who was every bit as big and strong as Paul Bunyan." That will be the day, Brother, when Tony Beaver is as strong as Old Paul.

Rees solves his problem by making out that Paul and Tony are the same fella. This may go good in Dixie, but we've burnt books at witch bonfires for less offenses.

Rees is no shanty boy, but a professor of English at the University of South Carolina. There oughta be a law to prevent the sale of looms for homespun to professors. Osborn comes off much better, but then, he's from Oshkosh, Wis., and his father was a lumberman. But he treats Tony as well as he does Paul. It must be that integration business at work.

## Delta Townships Elect Officers To 4-Year Terms

Township voters elected officers for four-year terms in the national election Tuesday.

Results from Delta County were:

**Ensign** — Harold Gustafson, supervisor, 190; Linnea Lindquist, clerk, 196; Elaine Olson, treasurer, 192; Everett L. Johnston, trustee, 187. All were running unopposed.

**Baldwin** — Slip candidates for supervisor and treasurer were defeated. They are incumbents Raymond Norden, supervisor, and Clayton Norden, treasurer. The vote: For Supervisor — Howard Logan 189, Raymond Norden 92; For Treasurer — Walter Nelson, 202, Clayton Norden 89.

Elected without opposition in Baldwin were Kenneth DePuydt, clerk, 248; Donald Stevenson, trustee, 250; and two constables, Wallace Porath, 213 and Alex LaChance 225.

**Cornell** — Elected without opposition were Grey Knaus, supervisor; Wallace Campbell, treasurer; Dorothy Woodard, clerk; Lee Roy White, trustee.

**Maple Ridge** — Elected without opposition were: John Norman, supervisor, 337; Leslie E. Maki, clerk, 338; Lillian Roberts, treasurer, 338; Clarence Larson, trustee, 327; Gerald Bazinet, constable, 319.

**Brampton** — Joseph R. Goodman, supervisor, 282; Harold Lund, clerk, 286; Flora Larson, treasurer, 284; David Soderman, 280. All were reelected without opposition. Ernest Nebel received three write-in votes for constable.

**Escanaba** — Eugene C. Beck was reelected township clerk and Alfred Gareau won election as trustee without opposition. Incumbent clerk William Beauchamp defeated slip candidate Henry Hughes, 346-198. Treasurer Eugene Roberts also won re-election, defeating a slip campaign for William Gardner 348-181. Mike Soper with 416 votes and Steve Young with 406 were elected constables.

**Nahma** — Officers re-elected without opposition were: Maurice LaVigne, supervisor, 196; Theodore Sundin, clerk, 202; LaVina I. Bennette, treasurer, 202; Henry Legault, trustee, 199.

**Wells** — Incumbent officials reelected were: Charles Sedenquist, supervisor, 510; Alfred P. Groos, clerk, 517; James E. Anderson, treasurer, 511; Edward LaMarche, trustee, 493. A record 1,198 voters of a total registration of 1,405 cast ballots.

**Ford River** — Reelected without opposition were Supervisor Phil Miron 508, Clerk Clarence Nordquist 513, Treasurer Clarence Dietrich 506, Trustee Jerome Stannard 467. In the constable contest Dayton Dietrich polled 319 and Daniel Wellman 182.

**Garden** — Supervisor Frank Gray, Clerk George Boudreau Sr., Treasurer Virgil Winter and Trustee Charles Gauthier were reelected without opposition. Vote totals were not available from township officials.

## Club Sponsors Buck Contest

A Big Buck contest with prizes for the lightest as well as the heaviest animal taken during the 1964 deer hunting season is being sponsored by the Delta County Sportsmen's Club, it was announced today.

Decision to sponsor the contest designed to spur interest of hunters in bagging the biggest buck they can find (as if they weren't already interested!) was taken at a meeting of the club's board of directors last night.

Prize for the heaviest buck will be \$50 in U. S. bonds; prize for the lightest buck will be a \$25 bond.

The weighing station for the hunters and their bucks will be at the Buck Inn between Gladstone and Escanaba. Hunters can register and weigh their bucks there day or night during the season.

The committee in charge of the contest is composed of Norman Dahlke, Vagn Gydesen, Henry Olsen, John Coan, Neil Carlson, Jim Hornblad and Tom Grenfell.

## Zoning Change, Sale Of Lots Advised Here

The Escanaba Planning Commission meeting Tuesday in the City Hall made recommendations to the City Council which will assist in the community's business expansion.

After public hearing the Commission recommended to the Council that a one-half block area, the former site of St. Anne's Church, be rezoned from Residential B to C to permit construction of an apartment building.

The Commission also recommended that three lots at the northwest corner of the water-tower site be removed from parks and recreation classification. Two lots are zoned commercial and the other was recommended changed to commercial so they may be sold.

Bero Motors had asked the Council to put the lots up for sale so Bero can expand its operations. Sale of the lots was recommended by the Planning Commission. The recreation board reported the lots are not required for playground use.

## CONGRESS SEATS In Michigan Go To Democrats

(Continued from Page 1)

turn trip to Washington included Reps. James O'Hara of Utica, Charles Diggs Jr., of Detroit, John Dingell of Dearborn, Lucien Nedzi of Detroit and Martha Griffiths, Michigan's only woman representative.

Hart's victory over Mrs. Peterson in the senatorial race apparently completes a political cycle for the silver-haired housewife who began her career as a lowly precinct worker and wound up as the GOP's director of women's activities in Washington.

"I guess I'll go back to work with the troops," she commented to a reporter. "I'll be back in the precincts where they need me."

Mrs. Peterson said she had no ambition to return to her former position as vice chairman of the Michigan GOP. "I'm a firm believer in the policy that the old ought to move out and make room for the new," she explained.

The Commission also recommended that three lots at the northwest corner of the water-tower site be removed from parks and recreation classification. Two lots are zoned commercial and the other was recommended changed to commercial so they may be sold.

Bero Motors had asked the Council to put the lots up for sale so Bero can expand its operations. Sale of the lots was recommended by the Planning Commission. The recreation board reported the lots are not required for playground use.

Raymond E. Clevenger

## Clevenger Beats Knox In 11th

Congressman Victor A. Knox of Sault Ste. Marie, trying for a 7th term, was defeated by his fellow townsman, Attorney Raymond F. Clevenger, who served one appointive term as state corporations and securities commissioner under Governor Swainson.

Clevenger, a native of the Chicago area who was graduated from the University of Michigan Law School and who also attended the London School of Economics, settled at the Sault to practice law because he liked the north country and escape from metropolitan living. He joined Paul Adams and James Fenlon in a law firm at the Sault. Adams is now a State Supreme Court justice and Fenlon is the Sault's municipal judge.

Clevenger campaigned very hard in the newly enlarged 11th District, which now includes all of the Upper Peninsula, including the old 12th District of the late Congressman John Bennett, and 7 counties in the Lower Peninsula.

Knox urged conservatism in federal government, Clevenger urged more federal taxing and spending on welfare programs like medicare under social security and use of federal authority to stimulate the economy. Still in his 30s, Clevenger un-

seated a veteran congressman who had spent 16 years in the Michigan Legislature before going to Congress.

Where Warren Cleary of Escanaba failed to carry his home Delta County in an effort to defeat Knox two years ago, Clevenger rolled up a majority of 2,300 in Delta to help him win.

With 464 of the 474 precincts in the new 11th District reported today by the Associated Press tabulation, Clevenger had 84,795 votes and Knox had 73,761, so the Clevenger victory was assured.

In the Upper Peninsula, Clevenger ran ahead of Knox in the old 12th District to swell his victory margin. He polled 691 to 460 in Keweenaw, 2157 to 1400 in Baraga and 11,124 to 7988 for Knox in Marquette.

In the old 11th Knox won only three U. P. counties in his home area, Chippewa, 5690 to 4656, Mackinac 2418 to 1672 and Luce 1304 to 940 for Clevenger.

But Clevenger won in Menominee 5372 to 4918, Delta 8124 to 5786, Alger 2200 to 1344 and Schoolcraft, 2085 to 1824.

## Governor Runs Better Than He Did 2 Years Ago

(Continued from Page 1)

a 2 to 1 vote against it. The count was: yes 655,709; no, 1,242,150.

Opponents of the Massachusetts ballot said the arrangement would make it more difficult for a voter to cast a straight party vote. They also said it would make election processes more cumbersome.

Democrats, who led the fight against the proposed ballot change, gathered nearly 300,000 signatures to force the issue to a referendum in Tuesday's election. It was the first referendum since the 1954 election when voters approved the sale of colored oleomargarine in Michigan.

## Mrs. Villeneuve Is Reelected

Treasurer Ann S. Villeneuve, only county official with opposition, easily won reelection Tuesday in heavy Democratic voting in Delta County.

Mrs. Villeneuve polled 9,173 votes to 4,619 for Republican opponent Eugene Slagstad as Democrats dominated every contest on the ballot except the gubernatorial race.

There, Gov. George Romney — in a show of the ticket splitting by voters which carried him to his second term — defeated Democrat Neil Staebler. Romney gathered 7,422 votes to 6,705 for Staebler, carrying 15 of 27 precincts.

**Johnson Easy Victor**

GOP Presidential candidate Barry Goldwater won only in By de Noc township and in Escanaba's second precinct and was soundly beaten by President Johnson 10,046 to 4,434.

Second in votes to the President was County Clerk William E. Butler, who polled 9,959 votes as a Democrat without opposition for election to a four-year term.

Also elected to four-year terms were Prosecuting Attorney N. P. Chapekis with 9,898 votes and Sheriff Clarence A. (Cully) Johnson with 9,935. Both are Democrats and were unopposed for reelection.

On the state level, except for Romney, Democratic candidates made a clean sweep in the county on the partisan section of the ballot. The results were:

**State Results**

Secretary of State — Hare 9,248, Green 4,510; Attorney General — Kelley 8,991, Warshawsky 4,613; U. S. Senator — Hart 9,224, Peterson 4,721; 11th District Congressman — Schneider 8,205, Schweigert 5,059; 107th District Representative — Erlandsen 8,728, Gibson 4,309; 108th District Representative — Jacobetti 608, Rydholm 237.

Democratic Chairman Robert Olsen expressed himself "extremely pleased" with the Democratic sweep in Delta, except for the more than 700 vote margin given George Romney over Democrat Neil Staebler in the governor race.

Asked his opinion on the ticket splitting that gave Governor Romney his Delta margin despite a Democratic landslide, Olsen said "It was the state treasury surplus. There was so much publicity about the deficit in the Swainson administration and then suddenly there's a surplus! People won't listen to an explanation about it. We carried the ticket about two to one except for that. I always had more volunteers than jobs in the campaign."

Democrats, while failing to gain the governorship, scored many substantial gains in Michigan.

**Put In Spotlight**

Political observers said that Romney's victory, scored in the face of a Johnson sweep of Michigan, enhanced his national position in the Republican party.

Romney declined during the campaign to endorse the candidacy of Sen. Goldwater. That stand could leave Romney in a favorable position in future Republican policy making.

Romney's margin appeared almost certain to eclipse the 290-313 vote edge by which former Williams won reelection in 1956 — ironically in an election in which then President Eisenhower easily captured the state for the Republican national ticket.

Democrats, while failing to gain the governorship, scored many substantial gains in Michigan.

Democrats, while failing to gain the governorship, scored many substantial gains in Michigan.

## Democrats Take Education Posts

DETROIT (AP) — Democrats won all 12 state education races Tuesday — including all eight seats on the brand new State Board of Education which will take over policy making for Michigan's public school system.

The other four posts were two new seats on the Michigan State University Board of Trustees and two on the Wayne State University Board of Governors.

The Michigan Constitution created all 12 of the education positions that were put to voters' decisions Tuesday.

The document established the State Board of Education to take over policy making duties now performed by the state superintendent of public instruction, who also was responsible for supervising administrative matters.

It created the new posts on the university boards by enlarging them to eight members.

**Delta Totals**

Delta County voters added to the Democratic totals that statewide gave Democratic control to the new State Board of Education, according to unofficial figures. Democrats were almost two-to-one in Delta County in votes for not only the State Board of Education but for controlling bodies of Wayne State and Michigan State.

The vote totals for Delta County:

**State Board of Education** — Democrats: Fill 8256, Thurber 855, DelliQuadri 8563, Kelly 8430, Brennan 8618, Oppewall 7752, Morton 8037, Novak 8166. Republicans: Parker 3260, Colomson 4615, Hatton 4782, Lodewyk 4564, Briggs 4739, Kregler 4565, Bentley 5167, O'Neill 4924.

**Michigan State University trustee** — Democrat: Hartman 8263, White 8213; Republican: Bagwell 5146, Pingel 4665.

**Wayne State University board** — Democrats: Hall 8328, Rose 8384; Republicans: Brucker 4835, Gershenson 4533.

**Board Members**

Winners of board of education terms ranging from two to eight years included a Negro minister, three college teachers, an optometrist, a medical doctor, a lawyer and a public relations executive. One woman is among them.

Elected to take office Jan. 1 were Charles Morton and Dr. Edwin Novak for eight-year terms, Peter D. Oppewall and Thomas J. Brennan for six-year terms, Marilyn Jean Kelly and Carmen L. Delli Quadri for four-year terms and Dr. Leon Fill and Donald M. D. Thurber for two-year terms.

Clair White and Frank Hartman were elected to the MSU Board of Trustees and William B. Hall and Benjamin Rose were selected for the WSU Board of Governors.

Morton is the Negro minister; Oppewall, DelliQuadri and Miss Kelly are the teachers; Novak is the optometrist; Fill is the M. D. and Brennan is the lawyer.

The outcome gave Democrats a 6-2 margin on the eight-member MSU board and a 5-3 edge on the WSU board.

**Start Jan. 1**

At all future elections for the board of education, candidates will be chosen for eight-year terms.

But terms of varying length were specified for this election to insure that only two positions on the board would be decided at any one election, preventing a complete turnover of the officials who decide Michigan's educational policies.

The board will not supervise Michigan's four-year colleges and universities directly, but its duties include planning and coordinating for all public schools in the state.

It also is to advise the legislature on the financial needs of all public schools. The board members will take office Jan. 1.

## Smith Promoted

Floyd Lee, manager of Michigan Hanna mines announces Wilbert M. Smith has been promoted to underground superintendent for the Pilot Knob Pellet Co., jointly owned by Hanna Mining Co. and the Granite City Steel Co. at Pilot Knob, Mo. Smith started with Hanna in 1949 as a mine engineer at the Homer Mine.

You adjust regulator to your driving needs and climate. Guard against battery over-charge. Preset safety. Dependable quality.

## Schoolcraft Favors Demos

MANISTIQUE— Schoolcraft County voters Tuesday in heavy balloting favored Democratic candidates 2-1, but like most of Michigan crossed over parties to give Republican George Romney a majority for governor.

For President, Lyndon B. Johnson polled 2,675 to Barry Goldwater's 1,397.

The vote in the Governor race was Neil Staeble 1,868 and Romney 2,089.

Voting Tuesday was about 200 lighter than four-years ago when the late John F. Kennedy received 2,107 votes to 2,183 to Richard Nixon.

Schoolcraft balloting was highlighted by a contest for Sheriff between Democratic incumbent Lloyd E. Gray, who received 2,281 votes, and George Danko, Republican, who had 1,729.

### Local Contest

Another local race, for county treasurer, gave Democratic incumbent William Cowman 2,693 to 1,116 for Republican Robert C. Nelson, Republican. Nelson had announced last week, however, that he had accepted a position in Tennessee and would not be available to fill the office if elected.

In balloting for County Road Commissioner the incumbent Harold McNamara, Democrat, received 2,382 votes to 493 write-in votes for his Republican contender York Anderson. Township contests also spirited the election.

In Thompson Township, two slip candidates contended for a trustee post with Lawrence Knuth winning 82-29 over Mrs. Chester (Edith) Krzyzanski.

In Hiawatha Township, Agner Delhin successfully retained his supervisor's post, defeating Nels Halsey 232-174. In other Hiawatha contests John Burley won over Leo Sikarski for trustee 206 to 179 and Leo Dean had 220 votes for constable to 182 for Mayme Bashore.

John Watson, Democrat, won 125 to 88 over Republican Robert Hubble for treasurer in Manistique Township, while GOP clerk candidate John Davidson won 134 to 82 over Martin Holmberg, democrat.

A proposal in Mueller Township of one mill for two years for school hot lunch was approved 137 to 48.

Mueller Township chose Wells Bowers for supervisor 108 to 89 over Raymond Olsen, incumbent who was a slip candidate. At Gerkfask, Ted Skarritt won by five votes for township clerk over Maxine Heath. The unofficial tally was 121 to 116.

In Doyle Township, Edwin Johnson defeated Lee Belcik 190 to 49 for clerk and in Inwood township Napoleon Desjardins defeated the incumbent trustee Otto Winkel 133 to 122.

### County Totals

Other totals in county balloting were as follows:

W. J. Sheahan, Republican unopposed for reelection as prosecuting attorney, 1,955.

Fred Lesica, Democrat unopposed for reelection as county clerk, 2,703.

Donald E. Messier, 1,976, and Robert W. Broullire 1,917 for coroner; Franklyn T. Burgess, 2,325 for surveyor.

Incumbent Fred Williams was beaten by Edwin Carlson 2,118-1,403 for drain commissioner.

Other state totals are as follows:

Secretary of State—Hare 2,470, Green 1,362; Attorney General—Kelley 2,391, Warshawsky 1,370; U. S. Senator—Hart 2,431, Peterson 1,434; 11th Dist. Congressman—Clevenger 2,085, Knox 1,824.

For the State Board of Education: Two-year terms, Thurber 2,214, Solomonson 1,461; Fill 2,141, Parker 1,442; Four-year terms, DelliQuadri 2,147, Lodewyk 1,407, Kelly 2,152.

For Michigan State Trustees, Hartman, former Cooks resident, 2,232; Pingel 1,396; White 2,047; Bagwell 1,586.

For Wayne State Board of Governors, Hall 2,118, Gershenson 1,459; Rose 2,047; Bruckner 1,526.

### Hart Favored

In the Senatorial race, Schoolcraft voters favored Phillip Hart 2,431 to 1,434 for Elly Peterson. For 11th District Congressman, Raymond Clevenger polled 2,085 to 1,824 for incumbent Victor Knox.

In the 37th State Senatorial race, the Schoolcraft vote was 2,129 for A. M. Schneider, and 1,589 for Thomas F. Schweigert.

Einar Erlandsen polled 2,126 votes to 1,549 for Marion Gibson for 10th District Representative.

One of Schoolcraft's townships, Seney, is in the new 108th state representative district. The vote there gave Dominic Jacobetti 53 and C. F. Rydholm 45.

With all but Hiawatha Town-

## Erlandsen Wins Term No. Nine

State Representative Einar Erlandsen of Escanaba defeated Mrs. Marion Gibson of Newberry about 3 to 2 for reelection to the Legislature in the newly created 10th House District in Tuesday's election.

Erlandsen's total was 15,035 and Mrs. Gibson's 10,363.

Erlandsen carried his home Delta County 8728 to 4309 and Schoolcraft County 2126 to 1549 and the top half of Chippewa (Sault Ste. Marie) County 3369 to 3046 to give him his winning margin.

Mrs. Gibson, wife of a doctor and president of the board of education at Newberry, carried her home Luce County 1459 to 812.

The victory sends Erlandsen, a former papermaker at the Escanaba Division Mill of Mead Corp., back to the Legislature for a 9th term. It is a record tenure for a Delta County legislator. Erlandsen serves on the Ways and Means Committee and will have increased prestige with the Democratic capture of both houses of the Legislature.

Erlandsen gave up his paper-making this father was a papermaker and so is his son) after

Einar Erlandsen

suffering a heart attack several years ago and has since operated a vending service in the Escanaba area.

His previous service has been in representing the Delta County District, but under the new reapportionment he will represent Delta, Schoolcraft, and Luce counties and half of Chippewa in the House.

In other Upper Peninsula legislative races:

1. Dominic Jacobetti, Negaunee Democrat, defeated Fred Rydholm, Marquette Republican, to keep his seat in the House, 17,079 to 9,732, carrying all the counties: Baraga, Marquette, Delta, Alger and Schoolcraft, in the 108th Representative District.

2. Russell Hellman, Dollar Bay Democrat, kept his house seat in the 110th District, defeating Bert Heideman, Republican, of Hancock. The district includes Gogebic, Ontonagon, Houghton and Keweenaw counties.

3. James Constantini, Democrat, of Iron Mountain, defeated Clifford Perras, Nadeau Republican, to win the 109th Representative District composed of Gogebic, Iron, Marquette, Dickinson and Menominee counties. Perras is the incumbent Menominee-Dickinson representative. This district is incorporated in the larger new 109th. Constantini, a former legislator, polled 16,871 to 14,351 for Perras.

4. Clayton Morrison, incumbent Chippewa District legislator, won in the new 106th Representative District over Earl Walker, Democrat, about 14,000 to 11,000.

The voting, with Schneider returns first and those of Schweigert, a consulting forester, second are:

Delta 8205-5059, Alger 1484-862, Schoolcraft 2129-1569, Luce 936-1208, Mackinac 1710-2231, Chippewa 4527-4848, Emmet 2430-4268, Cheboygan 1806-1794, Presque Isle 2497-2541, Ontonagon 1476-1650, Antrim 1547-1680, Montmorency 617-984, Alpena 4564-6024.

In the Upper Peninsula's other State Senate District, the 38th, Joseph Mack, Democratic state representative from Ironwood, defeated Frank Moody of National Mine, a school superintendent; 54,265 to 30,080.

Mack carried every county in the district, which includes Gogebic, Ontonagon, Houghton, Keweenaw, Baraga, Iron, Marquette, Dickinson, Menominee and Alger.

ship reporting, the Massachusetts ballot proposal was defeated 1,779 to 829.

For 3rd District Court of Appeals Judges, Maurice Black received 524 votes, Robert Burns 876, Austin Doyle 959, John Fitzgerald 1,138, Donald Holbrook 1,115 and Allan Miller 847.

## Voters Reject Bridge Millage

Delta County voters rejected a proposal to levy one-half mill for five years to finance a program of bridge construction and repair by the Delta County Road Commission.

The unofficial returns in Tuesday's election showed 6,240 "no" votes and 5,083 "yes" votes with the proposition defeated by a 1,157 vote margin.

The proposition was defeated in 18 of the county's 27 precincts, including precincts in both the townships and the cities of Escanaba and Gladstone. Bark River Precinct 1 favored the millage for bridges while Precinct 2 in the same township turned it down.

Seven and one-half of the county's 14 townships rejected the proposition, while six and one-half approved the millage.

Escanaba city's Precinct 1 gave the millage a favorable vote; the other six precincts voted it down.

In Gladstone only one precinct, No. 2, gave the millage question a favorable answer.

## Hare Elected For 6th Term

DETROIT (AP) — Democratic Secretary of State James M. Hare won an unprecedented sixth term Tuesday as he handily beat House Speaker Allison Green.

Hare had a better than 2 to 1 margin over Green with 3,049 of the state's 5,213 precincts counted. The vote at that time was Hare 888,715 and Green 251,334.

Hare ran strong in all sections of the state in overwhelming Green.

Hare, a former truant officer in the Detroit public school system, has been one of the top vote getters in Michigan. He was successful in his first try for elective office when he won the secretary of state's job in 1954. He has held it longer than any other man and Tuesday won again.

The race between Hare and Green was one of the more colorful contests this year, pitting two veteran political figures against each other.

## Delta Rejects Massachusetts Type Balloting

Delta County voters Tuesday voted down the proposed Massachusetts ballot for Michigan, as did state voters. The Delta vote was 8014 to 3329 yes.

The ballot reform was voted by the Legislature but a petition campaign by the Democratic Party and the AFL-CIO put it on the Nov. 3 ballot for ratification.

It was rejected on the Democrats' plea that it would disfranchise some voters by making it impossible to vote a straight party ticket with one pull of a voting machine lever or one "X" on a party ballot.

### Rapid River

Fellowship Meeting

Women's Fellowship of Rapid River Congregational Church will meet today (Nov. 4) at 8 p. m. at the parish hall. Hostesses will be Mrs. Waldon Johnson and Mrs. Carlyle Holmgren.

Tea, which today is a popular drink, at one time is believed to have been used primarily as a medicine.

## Appeals Court Judges Elected

DETROIT (AP) — Democratic Lieut. Gov. T. John Lesinski won a seat on the new Michigan Court of Appeals in Tuesday's election in which nine seats were at stake.

Detroit Traffic Court Judge John D. Watts and Grosse Pointe Township Justice of the Peace John H. Gillis won the other two appellate court judgeships allocated to the Wayne County area.

State Sen. John W. Fitzgerald, R-Grand Ledge, had a sizeable lead in the race for the third district's top judgeship.

Voters were divided into three districts in the state, in balloting for the newly created court. Three judges were to be picked from six candidates in each district in non-partisan races.

Delta County Vote

In Delta County on the non-partisan ballot Probate Court Judge Marie Peters was elected without opposition; and another incumbent Circuit Court Judge Bernard H. Davidson of Marquette was elected also without opposition. Both are for terms of six years.

Judge Peters polled 7176 votes and Judge Davidson 5640.

Partisanship became a bit confused in its effort to separate Democrats and Republicans in the non-partisan contest for judges of the Court of Appeals, 3rd district. The signals did not come through strong and clear and in Delta County, which went Democratic, the Democratic judge candidates got the least votes.

Delta County voters gave Republicans Fitzgerald 5413, Holbrook 4012 and Miller 3763, to the Democrats' Black 3471, Burns 3198 and Doyle 3595.

# Women's Activities

## World Community Day Service Friday

World Community Day service, sponsored by United Church Women, this year will be held at the First Methodist Church, Escanaba, Friday, Nov. 6, at 2 p. m. The theme is "Nations in Community."

All interested women of the area are invited and nursery service will be available.

The traditional service will include a 30-minute technical film, entitled "Harambee." This is described as "a new film experience, brimming with the vitality and talent of young future leaders in newly free nations and it dynamically reaffirms the joy and hope of Christian nations around the world."

In keeping with the study topic of the year, the independent nations of Africa, the United Church Women have been working on school bags and supplies and layettes for the children and infants of the African nations, as well as Brazil. These are to be turned in at the service Friday, for packaging and shipment to the Church World Service Center for distribution.

The customary coffee social will follow the service. The committee for the day, representing the participating churches of the community, is headed by Mrs. Irwin TenHaken, Central Methodist, who is second vice president of United Church Women.

Associate members are: Mrs. Ernest Platt, First United Presbyterian; Mrs. Marcel Ashland, Bethany Lutheran; Mrs. R. N. Dahlberg, Park River Methodist; Mrs. Dale Jensen, Immanuel Lutheran; Mrs. Gene Harkins, Central Methodist; Mrs. Arthur Hammerberg, Christ the King Lutheran; Mrs. John Nicholas, First Methodist; Mrs. Michael Kintziger, St. Stephen's Episcopal; Mrs. Frank Rademacher, Evangelical Covenant.

Mrs. Norman Lindquist, president of United Church Women, also will be present to greet members and visitors.

Ask your meatman to bone a leg of lamb and make a pocket in it for stuffing. Use a savory bread dressing, packing it lightly into the pocket.

MRS. JOHN Frederick Laundre, bride in a ceremony at St. Anne's Church in Escanaba Oct. 17, is the former Nancy Lou Severinsen, daughter of Mr. and Mrs. Chester P. Severinsen, 120 S. 19th St. The newlyweds are making their home in Escanaba at 302 N. 18th St. (Lee's Studio)

## Adventists' Offerings Set A New Record

Seventh-day Adventists in Michigan learned this week that their denomination has hit a new high in per-member church giving.

The report came to Pastor John Erhard of the Escanaba Seventh-day Adventist Church from Pastor N. C. Wilson, president of the Michigan Conference of Seventh-day Adventists.

A statistical profile produced for the church's annual Fall Council in Washington, D. C., shows that the average Adventist gave \$250.28 to his church last year.

The figure came to more than 18 per cent of the average Adventists' income, according to E. L. Becker, statistical secretary for the Adventists' General Conference. He pointed out that the per capita title and total giving figures include non-earning church members such as housewives, youth and retired persons.

Tithe (10 per cent of a person's income) was up over previous years with \$147.82 per member. For every dollar of tithe, 26 1/2 cents went to missions, or \$39.15 per member.

Continuing with the profile of Mr. Average Adventist, Mr. Becker noted that he attends church each Saturday in a modest structure that cost around \$26,000 when it was built several years ago. He is one of 110 members of the congregation, which includes seven who were baptized during the last 12 months.

Membership in the Seventh-day Adventist Church now stands at 1,428,352 worldwide, with 361,878 in North America. The church experienced a net gain last year of 65,577.

MR. AND MRS. Ernest Dart, 321 S. 9th St., announce the engagement and approaching marriage of their daughter, Marilyn Roberta, to A/2c David C. Rem of K. I. Sawyer AFB, son of Mr. and Mrs. Ralph Rem of Detroit. The wedding is planned for Nov. 21. (Ridings Studio)

## Church Events

**First Friday**  
Holy Communion will be distributed at St. Joseph's Church in Escanaba at the usual time, 6:30 a. m. the First Friday, and also during the 7 and 8 a. m. Masses.

## LCW Meets At Christ The King

The regular meeting of the LCW of Christ the King Lutheran Church will be held Thursday at 7:45 P.M. Captain and Mrs. Orville L. Butts of the Salvation Army will present the work of their organization, as well as several musical selections. Hostesses are Mesdames, Leonard Erickson, Esther Erickson, Nick Fedrov, Charles Fletcher, Ed Hamelin and Percy Clouse.

## Births

**JOHNSON**—Mr. and Mrs. Laurence D. Johnson, 425 S. 18th St., are the parents of a daughter, Kathleen Ann, born at 7:41 p. m. Nov. 3 at St. Francis Hospital. The infant's weight was 7 pounds and 6 ounces. Mrs. Johnson is the former Marjorie Fisher.

**GAREAU**—A son, Michael Raymond, is the first child of Mr. and Mrs. Alfred L. Gareau, Gladstone Rte. 1. The infant, born at St. Francis Hospital at 7:08 a. m. today, Nov. 4, weighed 7 pounds and 12 ounces. Mrs. Gareau was Sandra Barron before her marriage.

Ever dress an apple and celery salad with heavy cream seasoned with salt, paprika, prepared yellow mustard, sugar and paprika?

## Miss Petersen Of Pasadena Will Be Bride

Mr. and Mrs. Ernest Engholm Petersen of South Pasadena, Calif., former residents of Escanaba, announced the engagement of their daughter, Kathleen Mary, to Kenneth Charles Walker, at a dinner party at the family home.

The future bridegroom is a son of Mr. and Mrs. Kenneth Udell Walker.

The couple, former Pasadena City College students, will live in Pasadena after a spring wedding.

## She Votes First, Then Baby Is Born

UTICA, N.Y. (AP) — Mrs. Leroy Potter of nearby Saugquoit was anxious to cast her vote early so there would be no interference with her other plans. A radio station here reported to know when the polls opened. She said she wanted to vote quickly because she had another appointment.

Mrs. Potter gave birth at 8:25 a. m. to a 10-pound, 6-ounce boy at St. Luke's Hospital here. She cast her vote first. The polls opened at 6 a. m.

## Insecticide Makers Cite Bird-Plenty Analysis

The president of the National Audubon Society has branded as a hoax an "analysis" of the Society's Christmas bird count figures that has been widely printed by defenders of the massive use of chemical pesticides.

The so-called "analysis" was originally prepared by Philip H. Marvin, an employee of Homer Agriculture Chemical Co., of Wichita, Kan. It purported to show that bird populations in the United States and Canada have increased markedly during the past two decades. Marvin based his erroneous conclusion on the numbers of birds observed by local teams

of field ornithologists and bird watchers during a survey conducted each year during Christmas week.

The Marvin "analysis" has been used in the publicity releases of some chemical companies and widely published in farm journals. It appeared anew recently in a "canned editorial" distributed by the Industrial News Review, a service owned and edited by E. Hofer & Sons of Portland, Ore. A scattering of small newspapers printed this "canned editorial" as their own opinion under the heading, "Birds Unlimited."

Audubon Society President Carl W. Buchheister says the trouble with Marvin's "analysis" is that it just isn't so. "Put very simply," Buchheister said, "the truth is that Christmas bird count totals do not lend themselves to crude summation and are not therefore indices to the status of most birds, especially those which are widespread and relatively common."

"Christmas counts will mirror a snowy owl flight very well indeed, but they can give no more than clues to the status of so widespread a species as the robin. Take that one species, for example. What

Marvin failed to notice in tabulating the annual counts is that a single roost of this species can throw the significance of totals into utter confusion.

"Anyone who stops to check the fact that robins have one of the most extensive breeding ranges of any North American bird, and that a winter roost may go from 800,000 birds down to exactly 11 birds (as Albert F. Fanier found to be true at Nashville, Tenn., between 1959 and 1960!) will realize that the Christmas bird counts are not sufficient sampling of the winter population of this popular bird to be statistically significant."

"Similarly, the crows and blackbirds have been the target of special searching for roosts in recent years, so again the increasing totals reflect the effort of bird watchers rather than changes in bird populations."

## Noyes Family Acquires Globe

WAUSAU, Wis. (AP) — Mrs. Linwood I. Noyes, president of the Globe Publishing Co. of Ironwood, Mich., announced the purchase by the Noyes family of the interests of Howard A. Quirt of Marshfield, Wis., and Mrs. Walter C. Janson of Marinette, Wis., in the Ironwood Daily Globe.

It was also announced that the family has sold its interests in the News-Herald, publisher of the Marshfield, Wis., to Wisconsin Valley Television Corporation of Wausau, Wis.

Quirt retains his interest in the Marshfield company and will continue as editor and publisher of the News-Herald. Fred Sappington of Marinette, former business and advertising manager of the Globe, has been elected executive vice president of Globe Publishing. Sappington is president of the Eagle Printing Co. of Marinette and editor and publisher of the Marinette Eagle-Star.

Edwin J. Johnson will continue as editor and publisher of the Globe.

The Noyes family includes Mrs. Linwood I. Noyes of Ironwood, Eugene C. Noyes and Mrs. Walter P. Keith, both of Akron, Ohio, and Mrs. Ernest S. Gantt, a daughter of Mrs. Noyes who resides in Mexico, Mo.

The Globe was established in 1919 by the late Frank B. Noyes of Marinette. Quirt was editor and publisher of the Globe until 1927 when he went to Marshfield.

Linwood I. Noyes, son of Frank, was business manager of the Globe until 1927 when he became editor and publisher. He served in that capacity until his death April 20, 1964.

## Closing Dates Set For Canals Along Seaway

OTTAWA (AP) — Planned closing dates along Canada's Great Lakes and St. Lawrence River canals ranging from Nov. 30 to Dec. 15 were announced by St. Lawrence Seaway Authority.

The Nov. 30 closing date will apply to the South Shore Canal from Montreal to Lake St. Louis and the Beauharnois, Iroquois, Lachine and Cornwall canals. The canal on the Canadian side at Sault Ste. Marie is to close Dec. 12 and the Welland Canal between lakes Ontario and Erie will close Dec. 15. The announcement notes the closing dates are contingent on weather conditions.

If favorable climatic conditions prevail later than the formal closing dates, operation of the canals will be continued but, obviously, subject to close on very short notice.

The Welland Canal will close Dec. 15 no matter what the weather, to allow a planned construction program to get under way.

## Willkie Buttons Bring 50 Cents

NEW YORK (AP)—Wendell Willkie buttons are the big sellers at Ben Kaplan's Ye Junk Shoppe.

"I've sold about 1,000 Wendell Willkie buttons so far this fall," he said Monday.

Kaplan gets 50 cents for Willkie buttons, left over from the 1940 campaign when Republican Wilkie lost to Franklin D. Roosevelt.

## Striking Unions Called Lawless

DETROIT (AP)—The 112 day old Detroit newspaper strike is condemned by Michigan Episcopal Bishop Richard S. Emrich as an "anarchic (lawless) power play" by the two striking craft unions.

Bishop Emrich made the charge in a statement in which he called on the public to "do what you can to end this shameful situation."

The bishop, a member of Gov. George Romney's special commission assigned to help get a settlement last month, said his position on the strike was "really pro-union" since he said he spoke in the interests of all organized labor.

He issued his statement independently as his "analysis" of the strike and related factors.

Emrich accused the two striking unions, the pressmen and the plate and paper handlers, of "scandalous misuse of power" and of harming the "legitimate cause of unionism."

"The strikers," he said, "may be said to be members of two anti-union unions."

The presidents of the two unions, Freeman D. Frazee of the pressmen and Bart Piscitello of the handlers, limited comment on Emrich's statement to saying the bishop was "entitled to his own opinion."

Meanwhile, the Federal Mediation and Conciliation Service and state mediators set up a meeting for Thursday between the publishers and the striking unions.

The federal agency failed in a previous effort to end the long tieup.

Local 13 of the Printing Pressmen and Local 10 of the Plate and Paper Handlers struck the Detroit News and Detroit Free Press July 13 over new contract terms.

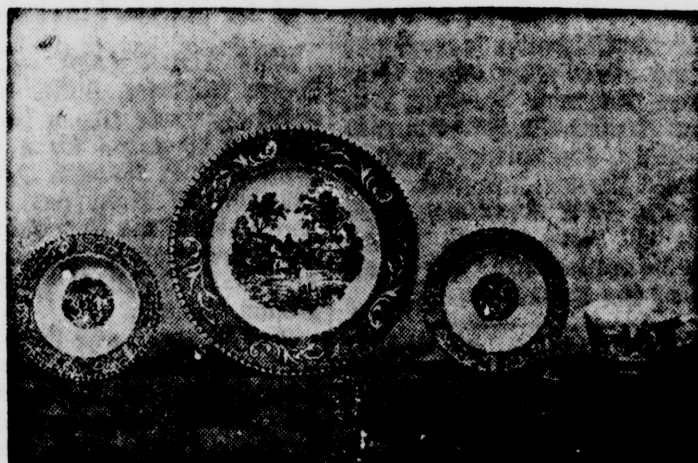

Since, and through Election Day today, the papers have failed to publish.

## MANISTIQUE

NATIONAL GUARD CO. D, 70 strong, erects an aluminum float bridge across the Indian River in a day-long training program Sunday. The company is commanded by Capt. John P. Quick. Sgt. Ross R. Klagstad supervised as the picture was taken. (Escanaba Daily Press Photo)

## Guards Bridge Indian River In Eight Minutes

It was Nov. 1 and the weather was a warm 53 degrees as the 70-man National Guard Company D here practiced laying an aluminum footbridge across the Indian River Sunday. They put the pontoon-type bridge over in 8 minutes.

The combat battalion, which practices on various bridges at the 2-week encampment at

Grayling, has built timber bridges over the West Branch and a floating bridge over the Sturgeon, but this was the first experience here with this type.

The bridge was loaned by the Guard unit at Sault Ste. Marie. It consists of pontoons, containing buoyant material, over which 85-pound foot sections are laid and clamped. The pontoons weigh 100 pounds each.

A cable was strung across the river, and anchored to two large pine trees. To this were attached the pontoons, with sections of 3/4 inch rope. Current of the river holds the ropes uniformly taut after pontoons are attached.

Several practice sessions were held with the bridge, some at the wider part of the river, just below the dam and others at a narrow section downstream.

### Hospital

Admitted to Schoolcraft Memorial Hospital were Joyce Price, 115 Arbutus; Eleanor Brock, Gulliver; Sherry and Joseph Davis, 208 N. First; Mary Yale, Gould City; Carol Gauthier, 515 Manistique Ave.; Lester Hall, Germfask; Herman Boyd, Star Route; Nels Halsey, Rte. 1; Sylvester Rubick, 540 Cherry; Penny Strom, Engadine. Discharged were Van Anderson, Shirley Hubble, Pearl Evonich and Karen Burns and baby.

### Briefly Told

Atwater Extension Study Club meets with Mrs. Rudie Brandstrom Monday, Nov. 9 at 7:30 p.m.

Pearl Shiner Circle of the First Baptist Church meets at the Finch home in Gulliver, Thursday, Nov. 12 at 7:30 p.m.

The Lincoln School PTA meets at 8 p.m., Thursday in the school. Final plans for the carnival will be made.

The Hat N' Tat Extension club will meet Nov. 5 at 8 p.m. at the home of Mrs. Richard Hugheson, Manistique Heights. Final arrangements will be made for the fashion show.

Attending the Great Lakes conference meeting in Munising Thursday will be William Cook, Richard Bonifas, Rudie Brandstrom and Marvin Frederickson.

Mrs. Perry Hollenbeck and Mrs. Carl Makel will be attending a state vocational education conference in Boyne Mountain Thursday and Friday.

Community Schools committee-wildcat division will hold an important meeting, Monday, Nov. 9 at 7:30 p.m. in room 4 of the Manistique High School, with Don Butcher, Community Schools Consultant of Marquette.

A ticket for defective turn signals was issued by State Police to Raul Bertrand, 57, of Rte. 1 following an accident at US-2 and M-149 intersection Monday at 12:10 p.m. Officers said Bertrand was making a left turn and assumed his indicator light was working. It was not and a car approaching from behind, driven by Michael Venne, 26, of S. 6th St., Escanaba, attempted to pass. Both were going east on US-2. Damage was not extensive and on one was injured.

## Road Commission Will Take Bids On Plow Trucks

Bids will be opened by the Schoolcraft Road Commission Tuesday, Nov. 10 on an automobile, sand and chemical spreader, and one to three snowplow trucks.

The commission earlier accepted low bids of Manistique Lumber and Coal Co. on stoker coal at the Manistique garage at \$12.50 per ton and \$16 per ton delivered to Seney.

The Commission has moved to adopt into its local road system, subject to approval of the local government division of the state highway department, the 33-foot right of way in the Michigan Corp. subdivision in Manistique and Doyle townships. The road, in several plats, extends about five miles. The new section has met minimum standards of the road commission, it reports.

Also moved by the Commission is release of a bond, of \$9,000 supplied by the Michigan Corp. in December, 1963 for the road in its first subdivision plat, in Doyle township. The road had not been completed at the time and the bond was posted pending its completion.

David F. Quinn attended the Michigan Employees Retirement system meeting as an employee delegate and Gerald Guertin substituted for Albert Boyd as officer delegate of the Road commission.

## Library Week Is Observed

National Book week is being observed by the Manistique Public library, which is emphasizing that a library card is a passport to information and enjoyment.

Many adults forget this source of recreation, reference, knowledge, understanding and tolerance, the library points out.

Children are aided in learning, even in pre-school days through story hours held semi-monthly, at 10 a.m., Saturdays for those 3 and older.

The library is open daily from 8:30 a.m. to 5 p.m., Friday evenings from 6 to 8:30 and Saturday from 2 to 4:30 p.m. A library card is free and entitles the owner to check out three books for two weeks.

### Births

Mr. and Mrs. Douglas Price, 115 Arbutus Ave., are the parents of a daughter, weighing 7 lbs., 12 1/2 oz. born Nov. 2 at the Schoolcraft Memorial Hospital. Mrs. Price is the former Joyce Arnold.

## Human Resource Meeting Nov. 10

A meeting on a new program devoted to development of human resources will be held at 8 p.m., Tuesday, Nov. 10 in the courthouse under auspices of the Cooperative Extension Service.

The series of public discussions on the human factor in Michigan's future will bring out that change is a two-sided coin, that change can bring improvement to both individuals and communities and be used for the good of all.

Stressed will be awareness of changes, adaptation to make change work for the individual and his community, and improvement of the capabilities and opportunities of Michigan people.

## Hedge Buying Boosts Steel

Inland Steel reports today record sales, earnings, steel ingot production and shipments in the third quarter and first nine months.

For nine months net was \$48,990,212 or \$2.70 a share, up 16.7 per cent from the \$41,964,641 or \$2.33 a share reported a year ago and 13.5 per cent higher than the previous record of \$43,146,628 or \$2.53 a share set in the first three quarters of 1957.

Profit on sales for the current nine months was 7.5 per cent compared with a return of 6.7 per cent last year.

Joseph L. Block, chairman, said the company's expansion and modernization program has continued at a fast pace and that the delays are due primarily to manpower shortages experienced by the company's construction contractors.

Block said he looked for Inland's steel operations to be maintained at near-capacity levels during the rest of this year and well into 1965.

"This heavy steel buying is due primarily to the high levels of activity in the economy generally," he said, "but partially to some stockpiling of excess inventories."

"Such hedge buying in fear of labor troubles has harmed the steel industry, its employees, its customers and the national economy in the past," Block said. "It will do so again unless brought to an early conclusion by a prompt and reasonable settlement of a new steel labor contract," he added. "This therefore should be, and we believe is, the objective of all concerned in this important matter."

## Veterans Day Dinner Planned

Edwin Wuehle, Superintendent of Manistique Public Schools, will be guest speaker at the Veterans Day Dinner, Nov. 11 at the VFW hall. The event is sponsored by the All-vets committee, comprised of representatives of the American Legion, Veterans of Foreign Wars, Disabled American Veterans and the World War One Barracks.

A social hour at 6 p.m. will be followed by dinner at 7 p.m. Archie Carpenter is chairman of the event with other committee chairman: Speaker, William Hentschell; refreshments, Edward Jorgensen; tickets, George Carney; program, Ivor Willock. VFW Auxiliary members will serve dinner. Tickets may be secured from any member of the committee.

## Inland Road Work Accepted

Work on the Inland road has been completed under 1964 contracts for aggregate surface and drainage, and a project is planned for a bituminous mat for its next year.

The bituminous surfacing program is being submitted to the FAS division of the Michigan Highway department.

The Road Commission, on a negotiated contract of \$20,062 performed part of the work and Fox Valley Construction Co. the remainder, at \$112,965. In addition a 9-inch raise was made on the Soo Line crossing at cost of \$2800.

The 8.11 mile project has been inspected and accepted by the Bureau of Public Roads.

## Football Players Will Be Feted

Special activities are scheduled this week for football players. The VFW will fete reserve players at a dinner Thursday at 6:30 p.m. and the varsity will be going downtown Friday, to attend a Spartan game under the Green Fire Boosters sponsorship.

### Quarterbacks, Ends

# Best Midwest Candidates For All-America Berths

By JERRY LISKA

CHICAGO (AP)—The start of football's November stretch grind finds the midwest's strongest All-America bids at the quarterback and end posts.

The AP's regional screening board for the 1964 honor team had widespread praise today for performers at both those positions.

For quarterback openers there are Notre Dame's John Huarte, Michigan's Bob Timberlake and Iowa's Gary Snook.

At the ends, strong citations are given Notre Dame's Jack Snow, Indiana's Bill Malinchak, Purdue's Bob Hadrick and Michigan State's fast-coming soph, Gene Washington, on offense, and Purdue's Harold Wells and Ohio State's Bill Spahr on defense.

Board member Jim Adams of East Lansing's WKAR reported Huarte, who has tossed 12 touchdown passes for the top-ranked Irish, "continues as the best of many great midwest quarterbacks."

Rugged Wolverine leader, Timberlake, got this accolade from Minnesota coach Murray Warmath as told to board member Dick Cullum of the Minneapolis Tribune:

"Timberlake can make it professionally in any of three or four positions. He can make it as a quarterback, a halfback, a flanker and, I am sure, as a defensive back. I think Timberlake may be the finest professional back to come along since Paul Hornung."

As for Snook, the Iowa rifle, Bert Bertine of the Champaign-Urbana Courier, quoted Ohio State coach Woody Hayes after his Buckeyes scraped a 21-19 victory at Iowa:

"That Snook, he's something. Even his running hurt us."

Snook, the nation's No. 2 passer with 112 hits on 217 tosses for 1,506 yards, rambled 59 yards against Ohio State's touted defense and nearly made it on a game-ending conversion run

## Cookie Paces AFL Rushers

NEW YORK (AP) — When Cookie Gilchrist, Buffalo's line-smasher, made like a halfback and ran 60 yards for a touchdown against Houston last Sunday he ran right past rookie Matt Snell of the New York Jets into first place among the American Football League's ground gainers.

That 60 yards was three more than the margin by which Gilchrist leads Snell in the individual rushing statistics released by the AFL Tuesday. The Big Bill accounted for 139 yards in 15 carries against Houston Sunday and now has a total of 621 yards on 142 attempts.

Snell, who picked up only 46 yards on 11 rushes against Boston Saturday night, has 564 yards on 125 carries. The Buffalo defense gave Gilchrist a helping hand by limiting Houston's Sid Blanks, the third-place runner, to three yards on eight runs.

The AFL also produced new leaders in passing and punting this week. Veteran Len Dawson of Kansas City, playing full time for the first time in three games, pitched 23 complete passes on 38 attempts for 435 yards and six touchdowns against Denver.

THE WAY THE COOKIE RUMBLES — Cookie Gilchrist, who has rumbled down the field to become the leading rusher in the American Football League, runs, blocks and catches passes. The 251-pound fullback helped get the Buffalo Bills off to a flying start.

which would have tied the battle at 21-21.

Hadrick, winning AP lineman of the week honors after Purdue trimmed Illinois 28-14, drew this praise from Illini coach Pete Elliott:

"He sustained Purdue's offense all day. Every time Purdue was in a hole, he'd catch another to pull them out of it." Hadrick snagged eight passes

for 85 yards, raising his season total to 36 catches for 433 yards.

Split-end Snow grabbed seven Huarte tosses, board member Mike Walden of Milwaukee's WTMJ noted, two of the producing touchdowns in Notre Dame's 40-0 rout of Navy.

Purdue's 27-year-old Wells, the "old man" of the Big Ten, observed Gordon Graham of the La Fayette Journal and Courier,

"continued his spectacular play at defensive end against Illinois."

Others cited by the board included: Halfbacks Bill Wolski of Notre Dame and Dick Gordon of Michigan State.

Safety George Donnelly of Illinois.

Tackles Ed Orzen of Ohio State, Bill Yearby of Michigan and Jim Garcia of Purdue.

Linebackers Dick Butkus of Illinois, Dwight Kelley of Ohio State; Jim Carroll of Notre Dame; and Tom Cecchini of Michigan.

## Michigan Grid Teams To Post Improved Mark

By The Associated Press

Michigan's 18 collegiate football teams appear on their way to bettering their over-all record of last season which saw them finish a dozen games below the 500 mark.

Albion, one of seven state teams which will close out the campaign this Saturday, needs just one more victory to complete an unbeaten untied season. The MIAA champion Britons are 7-0.

At least four state teams are assured of finishing with a winning record. Six turned the trick last year.

A half dozen teams are below the break even point for the season and only one, Detroit, has any chance of making it up to 500.

## Hutchinson In Serious Shape

BRADENTON, Fla. (AP) — Hospital officials said Tuesday that Fred Hutchinson, former Cincinnati Reds manager, had perked up and taken more interest in his surroundings.

The 45-year-old Hutchinson is suffering from cancer of the chest. He was transferred to the hospital last Saturday after his condition worsened at his nearby Anna Maria Island home.

A hospital official said Hutchinson "spent a good night... was a little more alert... taking an interest in things... and eating." However, his condition was still listed as serious.

Over-all, state teams now have a 58-58-5 record.

Michigan quarterback Bob Timberlake scored 16 points in the Wolverines' victory over Northwestern and took over the individual scoring lead with 57 points. Albion's Russ Wallis has 56.

Other teams closing out the season Saturday are winless Ferris State, Adrian, Hope, Michigan Tech., Northwood and Northern Michigan.

### Individual Scoring

	G	T	Pts.
Timberlake, Mich.	6	6	57
Wallis, Albion	7	9	56
Sommerfeld, N'wood	6	9	54
Ellinger, Albion	7	7	44
Sigler, Olivet	7	7	43
McLenna, Hillsdale	8	6	40
Nyquist, NMU	7	4	39
Danforth, Albion	7	6	36
Smith, CMU	7	6	36

### Team Standings

	W	L	T	Pct.
Albion	7	0	1	1.000
Michigan	5	1	0	.833
Olivet	5	2	0	.714
Hillsdale	5	2	1	.688
Kalamazoo	4	2	0	.667
Eastern Mich.	3	2	0	.600
Wayne State	3	2	1	.583
Central Mich.	4	3	0	.571
Northern Mich.	4	3	0	.571
Michigan Tech.	4	3	1	.563
Michigan State	3	3	0	.500
Northwood	3	3	0	.500
Alma	2	5	0	.286
Detroit	2	5	0	.286
Western Mich.	2	5	0	.286
Adrian	1	6	0	.143
Hope	1	6	0	.143
Ferris State	0	5	2	.143

(Tie counts as half win, half loss)

## Spartans To Be In Best Shape For Boilermakers

CHICAGO (AP) — Purdue's found their running game to go with Steve Juday's passing against Wisconsin," said Mollenkopf.

"Michigan State could be an even bigger challenge than Illinois was last Saturday. They took us apart (23-0) last year, so I'm sure we are not going to East Lansing an overconfident team."

The Spartans have several old scores to settle with Purdue. In 1961, Purdue ruined a Michigan State title bid with a 7-6 upset. In 1957, Purdue's 20-13 victory was the season's only setback for the Spartans. And, in 1953, Purdue's 6-0 triumph ended a 28-game Spartan winning streak.

Now, Purdue invades Michigan State with four successive triumphs since its lone defeat, 34-15, by Notre Dame Oct. 3.

With an over-all 5-1 record, the

Boilermakers are ranked 10th in the AP's national poll. Michigan has a current 3-4 mark.

Coach Bump Elliott of Michigan, the Big Ten's only other remaining title threat, said he expected Saturday's meeting with brother Pete Elliott's Illinois team would be "a real fine football game."

Since his Illini arrival in 1960, Pete has dropped four straight to Bump, including a 14-8 loss last year which marked the season's only defeat for Big Ten and Rose Bowl champion Illinois.

"Last Saturday, Purdue got a 20-0 jump on Illinois, but the Illini dominated play the last three quarters," said Bump.

"There is no question we'll be playing one of the country's real fine teams at Ann Arbor Saturday."

## Claassen Picks Michigan To Win

By HAROLD CLAASSEN

NEW YORK (AP) — Getting 69.5 per cent of the votes will win you many an election. But that kind of an average in football picking merely proves you have been in Tokyo for five weeks because of the Olympics.

Last week's gridiron gymnastics found 39 correct selections and 16 incorrect ones for a 709 mean.

Here are this week's vote-getters:

**Alabama over Louisiana State**—This could be the best team ever produced by Coach Bear Bryant of Alabama, and he has been in the business since World War II. David Ray too versatile.

**Notre Dame over Pittsburgh**—Everyone is raving about the Notre Dame passing attack of John Huarte to Jack Snow but did you know that the Irish defense this season has limited six foes to a total of five touchdowns?

**Ohio State over Penn State**—Normally the Buckeyes don't concentrate on non-Big Ten foes, but with an unbeaten season in prospect they'll grind

down the sub-par Nittany Lions. **Arkansas over Rice**—The Owl offense has come apart and should be further blunted by the unbeaten Arkansas array.

**Oregon State over Indiana**—The home field gives the West Coast leaders a narrow edge.

**Nebraska over Kansas**—Despite the heroics of Kansas' Gale Sayers, the defensive-minded Huskers will extend their winning streak to 15.

**Syracuse over Army**—Floyd Little will run the Cadets ragged in this one.

**Michigan over Illinois**—Coach Bump Elliott of Michigan, usually beats brother Pete, coach of Illinois, and there is no indication of a change in the script.

**Texas over Baylor**—Ernie Koy and the strong Texas defense will prove too much.

**Princeton over Harvard**—The final Big Three round-robin starts for Princeton's great fullback, Cosmo Iacavazzi.

**Purdue over Michigan State**—The Boilermaker sophomores have become of age.

**Georgia Tech over Tennessee**—However, Tech must stop thinking about the Alabama game a week away.

## Memorial Book Presented For Mrs. Rydquist

"Instant Fun-For All Kinds of Groups" by Loretta Coffman Burns has been presented to the Manistique School and Public Library as a memorial to the late Mrs. Frank Rydquist.

The book, presented by friends of Jill Rydquist at Saint Clara Club and the Patricia Stevens Career School, is an original collection of quick-and-easy, time-tested fun-fare that requires a minimum of preparation and "props" and practically no expense. The books is available for circulation.

## Thank You

## In This Corner

with Ray Crandall

All the reports from Madison indicate that Gladstone's Tom Domres is one of the best prospects on the University of Wisconsin freshman football squad this fall. Domres is a 6 foot 2 inch, 225 pound tackle who accepted a football scholarship from Wisconsin after an outstanding athletic career at Gladstone High School.

Fullback Sam Hicks provided Newberry with its slim margin of victory (14-13) over Rudyard in the season finale when he scored on a two yard plunge midway in the final quarter, then added the all-important extra point on the same play.

In addition to keeping Dick Berlinski out of their end zone, one of the major factors in the Mountaineers' stunning 6-0 upset over Kingsford was pass defense. They allowed Flivver quarterback Dick McCarthy to connect on only one of six tosses for 10 yards. While Berlinski closed out his brilliant Kingsford career with a new single season scoring record of 104 points, he failed to match Ron Rubick's touchdown total of 29.

Halfback Mark Martini scored touchdowns on runs of 20 and 49 yards and quarterback Jim Ippolite tossed two TD passes to lead Bessemer to a 25-6 triumph over Hurley. The victory clinched third place in the Michigan Wisconsin Conference final standings for Bessemer with a 3-2 record, trailing champion Superior East (5-0) and Wakefield (4-1).

Coach Marv Ropele's Niagara Badgers closed out their season with a 13-6 decision over Peshtigo, handing the Bulldogs their first setback of the campaign. Niagara fashioned a 7-1 record, losing only to Coleman by a 7-0 margin.

The board of education of the Marquette public schools approved an interscholastic hockey program at a recent meeting. Plans call for competition against other U.P. schools if possible, or in non-school league action if necessary.

Quarterback Ron Warner and end Ron Calcaterra teamed up to score all three Norway touchdowns in the 18-6 verdict over Stephenson. The crippled Eagles took a 6-0 lead in the second quarter on a 20 yard touchdown jaunt by Paul Dougovito, but were unable to stay with the Knights in the second half.

## Purdue Star Top Lineman

By The Associated Press  
Bob Hadrick, Purdue end voted the most valuable player in the Boilermakers' victory over Illinois, was named Lineman of The Week today by The Associated Press.  
Hadrick caught eight passes, one for a touchdown, in the 26-14 triumph last Saturday that kept Purdue tied with Ohio State for the lead in the Big Ten. It set a

## Former Badger Gets Bear Job

CHICAGO (AP) — Linebacker Jim Purnell, former Wisconsin star, was elevated from the reserve squad to the regular roster of the injury-plagued Chicago Bears Tuesday.  
The National Football League defending champions have lost two middle linebackers, Bill George and rookie Mike Reilly, for the season.  
George had an operation to correct torn ligaments in his knee and Reilly suffered a broken arm in Sunday's 24-10 loss here to the Dallas Cowboys.  
The Bears, now 2-6, met the Baltimore Colts here Sunday.

# No Perfect Records In Final U.P. Grid List

For the second time in three years the Upper Peninsula does not have a high school football team with a perfect season record.

The 1964 campaign came to

## Spartans Have Upset Setup

EAST LANSING (AP)—Michigan State has the ideal setup for an upset this week.

"I'll bet our opponents are a lot more worried about us than we are about them," commented coach Duffy Daugherty.

This should be the case against Purdue here Saturday.

Michigan State is 3-3 for the season and 2-2 in the Big Ten, out of any championship shot. Purdue, tied with Ohio State for tops in the conference, has to hang in there to beat out the Buckeyes for the Big Ten title and a shot at the Rose Bowl.

It will be the last game on home grounds this fall—MS ends up against mighty Notre Dame and Illinois away—to give an added incentive.

Then, too, there's the unhappy memory of how the Boilermakers earned the nickname of "Spoilermakers" against the Spartans.

Probably the bitterest blow was the 6-0 Purdue edging in 1963 that ended a 28-game win streak under then head coach Biggie Munn. MSU managed, however, to still go on to the Rose Bowl.

Purdue did it again, 20-13 in 1957, when the Spartans were unbeaten and rated No. 1 in the nation. It was the only loss of the year.

The Boilermakers repeated the trick in 1961 with a 7-6 squeaker when State was in the running for the Conference title on the 5-1 record.

Michigan State won last year 23-0. But this is an entirely different Purdue outfit, hungry for honors, probably tense and ripe for an upset — or so MSU are hoping.

## Mohns Is Lost; Toe Is Broken

CHICAGO (AP) — Defense-

man Doug Mohns, benched by hairline fracture of the right toe, will be lost to the Chicago Black Hawks for at least two weeks, the National Hockey League club reported Tuesday.  
Mohns was injured in the Hawks' 5-1 loss at Toronto Saturday night, but the fracture was not disclosed until X rays were taken here Monday night.  
He will be replaced by Matt Ravlich, called up from Buffalo of the American Hockey League.

Both Mohns and Ravlich were obtained in deals with the Boston Bruins after the 1963-64 NHL season.

a close last weekend with Kingsford and Manistique falling from the select list of unbeaten teams. The Flivvers were upset 6-0 by Iron Mountain while the Emeralds bowed to Holy Name 13-6.

That left four Upper Peninsula teams with only one defeat to mar their season records. Iron River and Houghton had 7-1 marks.

The last time the U. P. failed to field at least one perfect team was in 1962 when Holy Name, Ironwood, Kingsford,

## Tulsa's Tosser Tops In Nation

NEW YORK (AP) — Oh, give me a Rhyme from the Buffalo's home.

Almost any football coach could be forgiven for humming those plaintive words after looking over the passing and total offense statistics for Tulsa's Jerry Rhyme, who plays most of his football on the plains of Oklahoma.

The records listed for Rhyme or threatened by him, as listed in the weekly individual statis-

tics released today by the NCAA Service Bureau are hard to comprehend. Perhaps it should be enough to say that he's No. 1 in passing and total offense by huge margins.

In six games this season Rhyme, a Texan who transferred from Southern Methodist to Tulsa after his sophomore season, has completed 143 of 204 passes for 1,798 yards. His completion percentage of .701 is the best ever for a passer who has thrown as many as 135 in a season.

Rhyme is a running threat, too. He has had the ball on 287 plays for 1,956 yards, a plus of 158 yards on 83 plays. By contrast, the No. 2 passer, California's Craig Morton, has gained 1,465 yards in the air but only 1,332 over-all.

Against Oklahoma State last Saturday, Rhyme personally accounted for a 61-14 victory by completing 35 of 43 passes — an unprecedented percentage — gained 488 yards in the air and 5-4 total, passed for four touchdowns and accounted for 38 of Tulsa's points.

Among the one-game records he broke were 34 completions, Dick Norman, Stanford, 1959, air yards, 407, Larry Rakes-traw, Georgia, 1963; total yards, 490, Reds Bagnell, Penn, 1950.

Against Memphis State this week, he'll be aiming at the 23rd national record — Vito Parilli's 23 touchdown passes for Kentucky in 1950 and Johnny Bright's 180 points-responsible-for for Drake in 1950. Rhyme has passed for 21 touchdowns, scored five himself and completed five two-point conversion passes, accounting for 172 points.

The other leaders listed in the offense statistics are Brian Piccolo of Wake Forest, leader in rushing for the second week with a total of 722 yards, and Frank Lambert of Mississippi with a punting average of 45.6 yards.

## Basketball

National Basketball Assn. By The Associated Press  
Tuesday's Results  
No games scheduled  
Today's Games  
Baltimore at Detroit  
St. Louis at San Francisco  
Thursday's Game  
New York at Los Angeles

NEW YORK (AP)—Michigan's football team, with a league-leading average rushing offense of 265.8 yards, ranks third in the NCAA with an average total offense of 382.3 yards. The squad has amassed 2,294 yards in six games, on a total of 447 plays.

## Lenny Moore Is Record Breaker

NEW YORK (AP) — Baltimore's Lenny Moore isn't the strongest or the swiftest runner in the National Football League. He averages an unspectacular four yards each time he carries the ball. He's not among the leading pass receivers, either.

But show him the end zone just ahead and he's a hard man to stop.

"His legs are always pumping," says teammate Bob Boyd. "The deception he shows you is why so many tacklers miss him."

That's why Moore, leading the NFL in scoring this season, already has set one league record and is within reach of two others.  
So far he has scored 13 touchdowns for 78 points, 10 more than Jim Bakken of St. Louis. He has made touchdowns by running in each of the last 10 games he has played. That's the record he set. One more by any means against the Chicago Bears Sunday will equal the record of scoring in 11 consecutive games held by Elroy Hirsch of Los Angeles and Buddy Dial of Pittsburgh, both star pass catchers.

And just a few more touchdowns will bring Moore up to his own Baltimore record of 15 in one season and the NFL record of 19, set by Jim Taylor of Green Bay in 1962.

The NFL's other record breaker, Jimmy Brown of Cleveland, is the other standout in the weekly individual statistics released by the league today. Brown became the first NFL player to gain more than 10,000 yards by rushing when he made 149 last Sunday against Pittsburgh. He has run 813 yards on 161 carries this year, a five-yard average, and 10,135 in his career.

Johnny Unitas of Baltimore continues as the No. 1 passer with 87 completions on 169 attempts for 51.5 per cent and a 9.16-yard average gain. Johnny Morris and Mike Ditka of Chicago are one-two in pass receiving with 58 catches for Morris and 53 for Ditka.

The only change among the

individual leaders this week gave Paul Krause of Washington the top spot in pass interceptions with six. Yale Lary of Detroit is No. 1 punter with an average of 46.9 yards; Brady Keys of Pittsburgh is first in punt returns, averaging 15.4 yards, and Walt Roberts of Cleveland is first in kickoff returns with a 30.8 yard average.

## Al Dark May Join Chicubs

CHICAGO (AP) — Al Dark, fired as manager of the San Francisco Giants, may join the Chicago Cubs next year as a coach, owner P. K. Wrigley indicated Tuesday.

Wrigley, denying an extensive shakeup in the Cubs' operations may be in the making, said:

"Dark has been in touch with us. However, if he should return to the Cubs it would be as coach. We would like to have him but he's still looking for a manager's job elsewhere."

Dark played third base for the Cubs in 1959-1960.

Minnesota's Bill Crockett likes to return punts. He returned one 80 yards for a touchdown against Nebraska this fall.

# U.P. Dieoff Adding To Knowledge About Loons

One of North America's best-known symbols of the wilderness — the loon — is being struck down in wholesale numbers in Upper Michigan by a swift, silent killer.

Already this fall, thousands of loons have had their southern migrations cut short along the Upper Peninsula's Lake Michigan shoreline. A picture of powerful grace on the wing, they now lie dead or dying on the region's beaches from St. Ignace to the Michigan-Wisconsin border.

In this 295-mile-long area, Conservation Department game biologists report that possibly as many as 9,000 loons have met their doom since late September, with the heaviest losses taking place during the past week.

The die-off brings memories of about a year ago when 3,000 loons and 2,000 gulls fell victim to some apparent quirk of nature along the southern shores of Lake Michigan from Muskegon to the Indiana state line.

As in 1963, this year's bird mortality remains a mystery to state game men. No one knows how high it will go in 1964, when it will end, and — most important — what started it.

**Systematic Search**  
With many questions to be answered, the Conservation Department this week mobilized a systematic search for dead birds in the northern Lake Michigan area. Purpose of the field survey, scheduled to be carried out by Oct. 31, is to get a more accurate estimate of losses and pick up information which will promote research on factors that might have triggered the die-off.

Some 30 randomly-selected sections of beach will be checked between now and the end of the month. Most of these sample plots measure a little more than one mile long; some may stretch up to two miles. In each one, counts will be made species by species to get a breakdown on the toll, which also includes smaller numbers of gulls, grebes, and ducks.

Besides sizing up the situation through their tallies, survey crews will assist in continued efforts to uncover the cause or causes which are at the bottom of the whole problem. They will collect "fresh" kills in the area, freeze them, and send the specimens to the Department's pathological laboratory near East Lansing for autopsies, toxicity tests, and bacteriological studies.

Similar investigations have been conducted for several months on dead loons and gulls. In many of the stricken specimens, laboratory tests have shown the presence of toxin which causes Type E botulism. The same was true in 1963.

Following up on this "lead," the Department has launched a cooperative special study with Michigan State University in which live gulls are being inoculated with the toxin to see how they react to it.

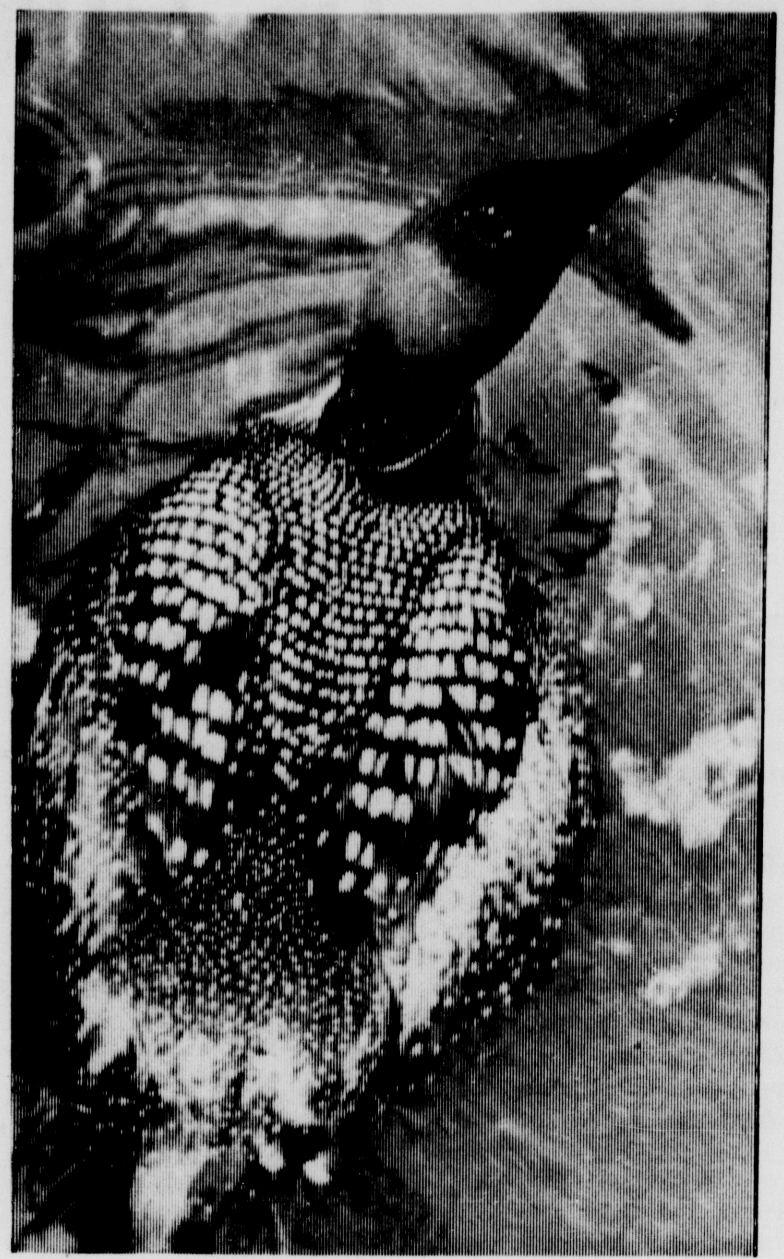

**Other Factors Possible**  
The project is not far enough along to show conclusive results, and Department pathologists are not discounting the possibility that other factors could be to blame for the birds' mortality.

And, so, these wildlife riddles remain: Why the die-off? How close are pathologists to finding the answer?

The death-dealing puzzle, in turn, raises a question about the future of the loon. Is it threatened with extinction? Again, no one knows for sure. Even bird experts are unable to come up with an answer because they don't have a solid estimate of the continent's loon population.

While ornithologists are not taking losses of the last two years lightly, neither are they pounding the drums of despair over the birds' future.

A sobering fact in light of the die-off is that the loon is by no means a prolific bird. Surveys in certain areas indicate its reproduction is quite low, with no more than one chick

A COMMON LOON swims in quiet waters. These strange birds because of their great weight have difficulty getting air-borne but once winging it they can fly at 60 miles an hour. (Michigan Conservation Department Photo)

generally being raised by an adult pair each year. Overall, the adult-young ratio figures even lower, because of nests raided by predators or deserted by the parent birds. Mortality during and right after the hatching period also enters the picture.

## Die-Off Adds Knowledge

One thing game men have learned at the loon's expense is that a lot more of these birds migrate through Michigan than ever before realized. Just exactly where these particular birds come from and where they are headed for is another guessing point.

Their breeding range in North America extends from Alaska across the Arctic region to Greenland and south to a line running west from New England through northern Ohio, Iowa, and northeastern California. The birds winter mainly along the Atlantic, Pacific, and Gulf coasts and, to a lesser degree, in parts of the northern United States, including the Great Lakes.

The loon is one of man's last links with the virgin wilderness. Anyone who has ever heard its haunting cry cannot help but feel the mood of the untamed north country which the loon calls home during the warm-weather months.

Undoubtedly, the loon's best-known call is its bizarre, seemingly uncontrolled sound of laughter. From it, comes the expression, "crazy as a loon." At times, the bird gives an unearthly and mournful call, somewhat resembling the distant howl of a wolf, which has been described as the wail of the wilderness.

**Ungainly On Land**  
The loon is also famous for its skill and swiftness in swimming and diving which are put to good use in catching fish, the mainstay of its diet. Superbly equipped for diving with its torpedo-shaped body, this bird reportedly has plunged through the water to depths of 180 to 200 feet or more. Small wonder it is called the great northern diver and hell-diver.

The bird's agility in water is matched by its clumsiness on land. Because the legs are at the rear of its body, the loon either must lie on its stomach and push along the ground on its breast in a series of frog-

like leaps or shuffle along in a stooped-over position. It has been seen using its wing tips as crutches.

The loon's great body weight (8-12 pounds) in comparison with its small wings make it hard for the bird to rise from water. Its take-off is a spectacle of driving determination. Depending upon the amount of wind, the bird splatters along, half running and half flying, for a distance of from 20 yards to a quarter of a mile before becoming air-borne.

Once in the air, the loon is a fast flyer, having often been timed at 60 miles an hour.

Just as exciting to see is the bird's skillful, high-speed landing. The loon usually circles once or twice to lose altitude, or it may glide in directly at a steep angle. When 10 to 50 feet above the water, its wings are outstretched stiffly. In a swift, smooth glide the loon makes a perfect seaplane landing, skimming low over the surface, dropping the feet slightly to touch down and throwing a trail of spray for several yards as it slides into the water.

An interesting bird, the loon. May its stirring call of the wild never be silenced in this civilized world.

## Michigan Banks All Prosperous

LANSING (AP) — Michigan's state-chartered banks and trust companies are in a prosperous condition, reports the State Banking Department.

The combined resources of the institutions under the jurisdiction of the department was \$6,137,169,156 as of Oct. 1, an increase of \$168.8 million since last June 30.

The banking department said principal changes include increases of \$90.4 million in loans and discounts and \$162.9 million in total deposits.

Included in the report were 267 commercial banks and their 441 branches, one industrial bank with two branches and one trust company under the jurisdiction of the banking department.

# GLADSTONE

## State Hospital Gifts Gathered

Members of the Gladstone Community 4-H Club are asked to bring the items they wish to give to the Newberry State Hospital and the toys to be repaired by the Gladstone firemen to the James T. Jones School between 9:30 and 10:30 a.m. Saturday.

Articles especially appreciated at the Hospital are large used purses, jewelry, puzzles, Christmas cards, and clean clothing.

Used toys will be given to the city firemen to repair for their Christmas project.

## Hazel Olson Dies Tuesday

Miss Hazel E. Olson, 66, 1216 Wisconsin Ave., a retired public school teacher, died unexpectedly at St. Francis Hospital at 11:10 a. m. Tuesday. Miss Olson was hospitalized Monday noon.

Born in Masonville January 30, 1898, Miss Olson graduated from Gladstone High School and taught in the elementary school for 37 years before illness forced her retirement in 1961.

She was a member of the Evangelical Covenant Church.

Survivors include Mrs. Dennis (Janet Sue) Artley, of Alpena, who made her home with Miss Olson.

The body was removed to the Kelley Funeral Home.

## Church Women Give Program

Lutheran Church Women of First Lutheran Church will have a program on the Lutheran World Federation radio station in Ethiopia at their regular meeting at the Church at 8 p.m. Thursday.

The Radio Voice of the Gospel has been operating for one year in Addis Ababa and is supported in part by the Lutheran Church of America, of which First Lutheran Church is a part. Special music will also be provided.

Hostesses for the evening are Mmes. Arnold Fyhr, Nels Apelgren and Chester Strader.

## School Tuition Rate Is Fixed

The Gladstone Board of Education established the tuition rate for non-resident pupils at \$121.72 at their regular meeting Monday evening. 135 non-resident pupils from Escanaba and Brampton Townships are now attending Gladstone Public Schools.

The Board also accepted the low bids of Bradley Construction Co. and the St. Charles Manufacturing Co. in amounts of \$14,385.00 and \$4,362.00 respectively for general construction and cabinetry for remodeling of the Home Economics Department. The department is being moved to the first floor of the Junior High School building where the library was formerly located.

A complete revision of the policy book was begun and 17 policies were reviewed for adoption at the next meeting.

The board discussed the speaking system, ticket window, concession stand and cinder track at the Athletic Field and cinders will be applied to the track this fall. An effort will be made to improve the speaking facilities to the stands and to enlarge the concession stand and ticket window.

A letter was sent to Lyle Godfrey, post commander of August Mattson Post, American Legion, for the two flags given to the schools at the homecoming football game.

Reports were given by Supt. Wallace Cameron on the Adult Education program, teacher training program, kitchen improvements at the Buckeye School, the accident at the tennis court and the Halloween activities.

**Legion Auxiliary Gifts Will Help Vets' Yule Plans**

The American Legion Auxiliary will again have a program to aid veterans in Veteran hospitals with Christmas shopping.

At their monthly meeting Monday, Nov. 9 at 8 p.m., members of the Auxiliary will bring gifts in Christmas wrapping, for women, girls and boys. Patients use these in providing gifts for their families at Christmas. The gifts will be sent to Iron Mountain.

A pot luck lunch will be served at the meeting and members have been asked to bring table service. A white elephant sale will be conducted.

**VFW Auxiliary Has Inspection**

The annual inspection of the VFW Auxiliary was held at the clubrooms Monday by the District President, Mrs. George Choiger. Visitors were Mrs. Mary St. Jacques and Mrs. Betty Anzalone of Escanaba.

The members decided to hold a banquet for the reserve football team on Nov. 5 at the VFW hall and one on Veterans Day for all veterans. A joint meeting with Post 4420 will be held on Nov. 17 at 8 p.m. in the clubrooms with a potluck lunch.

Mrs. Nick Babladis was initiated as a new member.

Members will make their monthly trip to Newberry, Nov. 19.

The special award was won by Mrs. Carl Louis and lunch was served.

## Assembly Of UN Set For Dec. 1

UNITED NATIONS, N.Y. (AP) — The U.N. General Assembly will begin Dec. 1, about the time delegates normally begin pushing to wind up the annual session.

Secretary-General U Thant announced Monday that a majority of U.N. members had approved a second postponement of the world forum.

The assembly was to have opened Sept. 18 but was postponed to Nov. 10 so as not to conflict with the Cairo conference of nonaligned nations and the U.S. elections.

## Obituary

**MRS. NELLIE O'BRIEN**

Funeral services for Mrs. Nellie O'Brien were held at 2 p.m. Tuesday at the Skradski Funeral Home with the Rev. Clifford M. DeVore officiating. Burial was in Gardens of Rest Cemetery. Pallbearers were Laurence Young Paul Verhamme, Richard Williamson, Stanley Larson, Eugene Esler and Oscar Sederberg.

## CHARLES ENGLUND

Funeral services were held Tuesday at the Kelley Funeral Home for Charles Englund with the Rev. Rubin L. Carlson officiating. Burial was in Fernwood Cemetery. Pallbearers were Ray Strand, Carl Major, George Pada, Ted Erickson, Arthur Williamson and Ted Johnson.

## Briefly Told

**State Police of the Gladstone** post Tuesday ticketed James S. Sloan, Riverside, Ont., Canada for speeding and Geraldine Leach, Perkins, for permitting an unlicensed minor to drive.

**Allen Bizeau, 15,** son of Mr. and Mrs. Thomas Bizeau, 804 Superior Ave., who is a surgical patient at St. Vincent Hospital following a football injury, is reported to be in satisfactory condition and is in room 804.

**Gladstone Lodge 396, F & AM,** will hold a regular communication Thursday at 7:30 p.m. at the Masonic Temple. Visiting Masons are welcome.

# MANISTIQUE

## Book On Scotch Presented For Mrs. McDougal

"The Scotch" by John Kenneth Galbraith has been presented to the Manistique School and Public Library as a memorial to the late Mrs. Audie McDougal.

The new publication, presented by friends of the family, tells of the clansmen and their countryside in a humorous account that is dry, laconic and Caledonian.

The book is available for circulation.

## Legion Auxiliary Gifts Will Help Vets' Yule Plans

The American Legion Auxiliary will again have a program to aid veterans in Veteran hospitals with Christmas shopping.

At their monthly meeting Monday, Nov. 9 at 8 p.m., members of the Auxiliary will bring gifts in Christmas wrapping, for women, girls and boys. Patients use these in providing gifts for their families at Christmas. The gifts will be sent to Iron Mountain.

A pot luck lunch will be served at the meeting and members have been asked to bring table service. A white elephant sale will be conducted.

## VFW Auxiliary Has Inspection

The annual inspection of the VFW Auxiliary was held at the clubrooms Monday by the District President, Mrs. George Choiger. Visitors were Mrs. Mary St. Jacques and Mrs. Betty Anzalone of Escanaba.

The members decided to hold a banquet for the reserve football team on Nov. 5 at the VFW hall and one on Veterans Day for all veterans. A joint meeting with Post 4420 will be held on Nov. 17 at 8 p.m. in the clubrooms with a potluck lunch.

Mrs. Nick Babladis was initiated as a new member.

Members will make their monthly trip to Newberry, Nov. 19.

The special award was won by Mrs. Carl Louis and lunch was served.

## Social

**Study Club**

"Thirteenth Apostle" by Eugene Vale was reviewed by Mrs. Fred Cayia Jr., to members of the Study Club on Monday evening at the home of Mrs. John Kelly. Mrs. Earl H. LeBrasseur was the assisting hostess. The next meeting will be held Monday, Nov. 16 with Mrs. Charles Atwater presenting the review. Mrs. Carl Makel and Mrs. John Moffat will entertain.

**Bridal Showers**

Frances LaCroix, daughter of Mrs. Albert LaCroix, Gulliver, was guest of honor at two bridal showers.

Tuesday, she was feted at the Mueller Township hall with a bridal shower given by Mrs. Earl Hamiel, Mrs. Mable Bauwens and Mrs. Leonard Terrian. Thursday, she was honored in the VFW hall. Hostesses were Mrs. Lyle Patz, Mrs. Larry Patz and Kathy Holmberg.

Games were played, followed by buffet lunches served by the hostesses, after which Miss LaCroix opened gifts.

She will become the bride of James Alfred Cole, Saturday, Nov. 7.

## Earnings Boom For Auto Firms

DETROIT (AP) — Boom year 1964 of the nation's auto industry now boasts record nine-month earnings from each of its "Big Three."

General Motors, biggest of the trio, made it complete Monday by reporting a \$1.36-billion profit and announcing a \$569-million dividend payment.

The GM dividend, a \$2-a-share payment to 1.15 million common stockholders, will help to swell the pre-Christmas flow of money. The \$2 is \$1.35 above the usual GM quarterly payment.

Earlier, both Ford and Chrysler had reported record nine-month earnings.

General Motors made its profit report as the giant automaker was getting up headway again in production following a crippling United Auto Workers Union strike.

For the first time since the strike began Sept. 25, all five of GM's passenger car divisions were turning out cars Monday, the company said.

The UAW called off its national strike Oct. 5, following agreement on a national contract, but strikes over local disputes among the company's 130 plants continued to cripple production.

As of today, only 12 local settlements were outstanding. GM makes the Pontiac, Oldsmobile, Cadillac, Chevrolet and Buick cars.

Ford, which faces a Friday strike threat by the UAW, had yet to complete 20 agreements among 90 bargaining units. Ford and the UAW have settled nationally.

General Motors' nine-month profit of \$1.36 billion, from record sales, was the equivalent of \$4.75 a share, up 25 per cent from the \$1.086 billion, or \$3.79 a share, of the same period last year.

The \$2 dividend will be payable Dec. 10 to stockholders of record Nov. 12. GM's dividends for the year so far total \$1.26 billion.

## LBJ, Romney Win Votes Of Students

The Junior Class of Manistique High School, in a mock election Tuesday, favored Democratic candidates, including L. B. Johnson for president, but crossed over to give Republicans George Romney a 45-89 win for governor and Marion Gibson a 69-73 win for state representative.

The leading vote getter on the student ballot was Harold J. McNamara, Democratic candidate for road commissioner, 144 votes. McNamara was opposed by Republican York Anderson, a write-in candidate.

Other winners included cornerers Donald Messier and Robert Broulliere, Republicans, unopposed.

## Scout Hike

Girls Scouts of Troop 7 enjoyed a hike and cook-out at Brownie Day Camp at Indian Lake Saturday. The girls hiked along the lake and through the woods picking objects of interest and later prepared their own camp fires and meals, which will be credited toward their observer badges and signs of the arrow. Participating were Paula Cheslak, Mary Creeden, Linda Hanson, Delores Ozanich, Janine Phillips, Ann Ward, Anne Wilcock. They were accompanied by Susan Hanson and Karlene Smith from Troop 6 and Mrs. David Heinz, troop leader and Mrs. Robert Pollman, assistant leader.

## OES Meeting

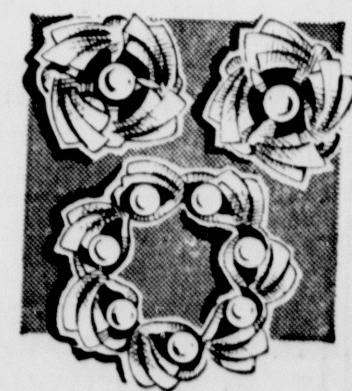

The Order of Eastern Star meets Saturday at 8:15 p.m., in the Masonic Temple. The meeting is the first for newly-installed officers. Hostesses will be Mrs. George Chvala, Mr. and Mrs. Norman Andrews, Mrs. Ludwig Hough and Mrs. Muriel Cookson.
